**BATTERY USAGE:**  
ADULT SUPERVISION IS RECOMMENDED WHEN CHANGING BATTERIES.  
1. Do not mix old and new batteries.  
2. Do not mix alkaline, standard (carbon-zinc) or rechargeable (nickel-cadmium) batteries.  
3. Alkaline batteries are suggested for longer life.  
4. Exhausted batteries are to be removed from the product.  
5. Dispose of exhausted batteries with care.  
6. Do not dispose of batteries in fire, batteries may explode or leak.

**CAUTION:** Please remove batteries if their power is consumed or if the product is to be left unused for a long period of time.

**RECYCLE YOUR BATTERIES:** To help protect our environment, we recommend that all batteries be recycled. You can find a local recycling center by going to: <http://earth911.com/hazardous/single-use-batteries/> Or, in the United States call 1-800-CLEANUP for a recycling location near you.

**ASSEMBLY:**

**BATTERY REPLACEMENT & ITEM FUNCTION:**  
Battery powered. Uses 6 "AA" batteries (batteries are included).  
1. Locate the battery compartment at the back of the head. Using a small screwdriver, remove the safety screw located on the battery compartment cover.  
2. Remove cover and clean both ends of the battery contacts and also the contacts of the device prior to installing the batteries. Insert (6) AA batteries with correct polarity.  
3. Replace cover and safety screw.  
4. The ON/OFF switch is located on the battery compartment. Move switch to ON position to activate LED lights. Switch to the OFF position and remove batteries when not in use.  
5. Replace batteries if the lights becomes dim.
