ITEM#: A101017510

SKU#: 810580328

CRESTFIELD 11X13FT SOFT TOP GAZEBO

Need help? We are here for you! 1(866)578-6569 24/7 • Toll Free

Production number: 2023100875

GENERAL BEST PRACTICES FOR ASSEMBLY:

- Please read and understand this entire manual before attempting to assemble or install the product.
 - Before beginning assembly of product, make sure all parts are present. Compare parts with package contents list and hardware contents list. If any part is missing or damaged, do not attempt to assemble the product.
 - The assembled gazebo should be located at least 6 feet from any obstruction such as fence, garage, house, overhanging branches, laundry lines or electrical wires.
 - Some parts may contain sharp edges. Wear protective gloves if necessary, during assembly.
 - This unit is heavy. For safety, do not assemble this item alone. Four people are recommended for safe assembly.
 - Check all nuts and bolts periodically for tightness and, when required, tighten them again.
 - Pay attention to the parts orientation
-
-

WARNINGS:

- Install the gazebo on level ground. Stakes are provided to secure the gazebo to the ground.
 - Do not assemble the gazebo on sandy, muddy or loose soil, as stakes do not have enough anchorage in these types of soil.
 - If you wish to secure the gazebo to a wood deck or concrete surface, use anchors suited to these surfaces.
 - Snow must be cleared off regularly during snowy days. Remove the snow at the roof top when it is thicker than 2 inches. In order to avoid damage, use a plastic snow rake to remove excessive snow and ice buildup from roof and keep away from falling debris.
 - Any assembly or maintenance of the product must be carried out by adults only.
 - Please check your state and local regulations prior to purchasing. Some jurisdictions may require permits for installation and use. Some special procedures may be valid in your area.
 - If any scratch paint, please touch up to prevent rusting
 - For outdoor use only.
-
-

WARRANTY:

WHAT IS COVERED?

The limited warranty is extended to the original purchaser and applies to material and manufacturer's defect provided the item is maintained with care and used only for personal, residential purposes.

Warranty: 12 Months

MAINTENANCE:

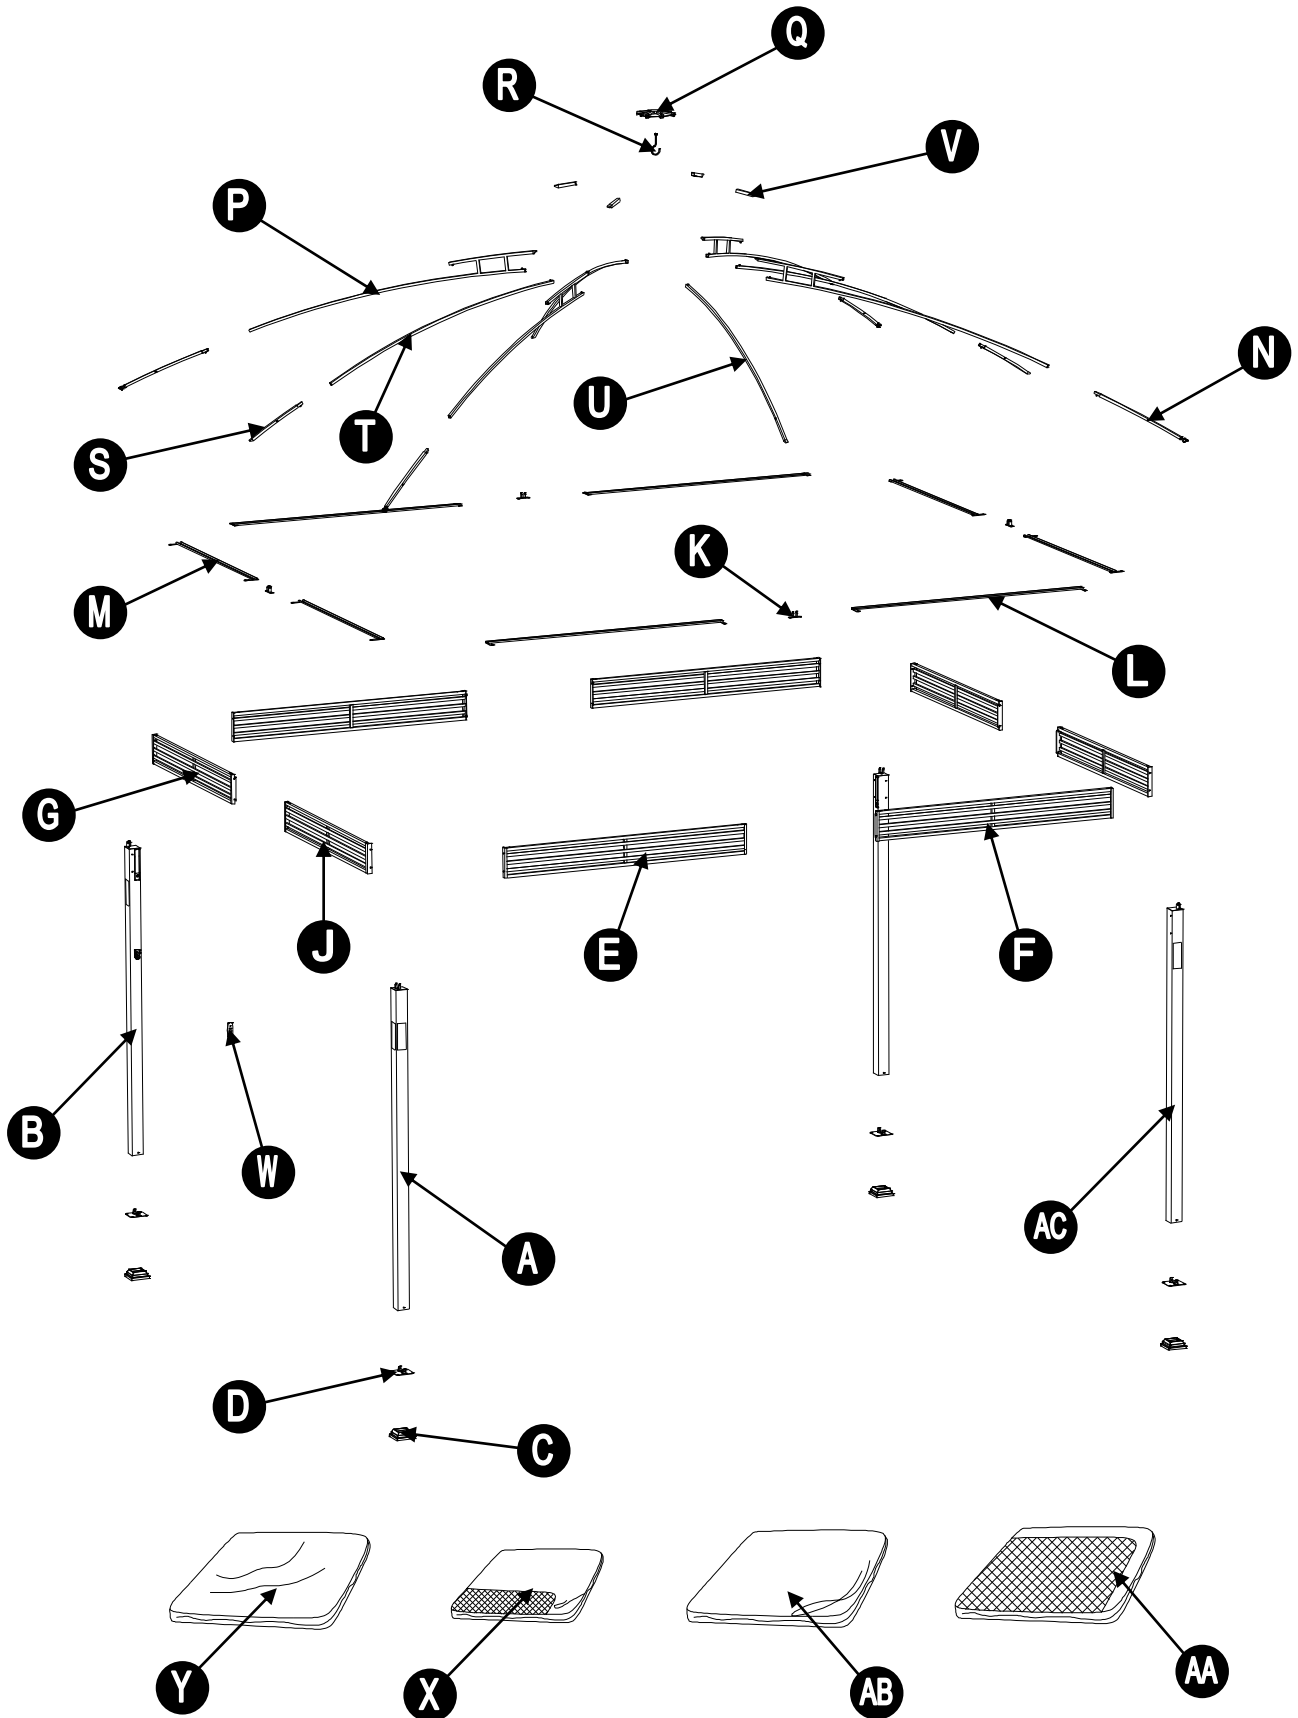

- Steel components for this gazebo are treated with rust inhibiting paint that protects it from rusting. However, due to the nature of steel, surface oxidation (rusting) will occur if these protective coatings are scratched. This is not a defect and thus not covered by the warranty.
 - To minimize this condition, it is recommended to use care when assembling and handling the product to prevent scratching the paint. Should any scratching or damage occur, it is recommended to cover the scratch immediately with rust inhibiting paint (not included).
 - Surface rust can also be easily removed with a very light application of regular cooking oil or WD-40. If surface oxidation (rusting) occurs and if no measure is taken to prevent this, the oxidation may start dripping onto deck or patio and caused damaging stains, which may be difficult to remove. This can be prevented if the above-mentioned measures are taken to keep the product from oxidizing.
 - Do not use bleach, acid, or other abrasive cleaners on the roof or frame parts.
 - Keep instruction manual for future reference.
 - Keep the original packaging to store the gazebo.
 - Periodically check and ensure that all bolts are well-tighten during use
-
-

LED LIGHT CAUTION:

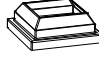

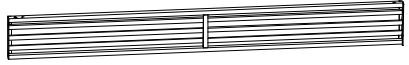

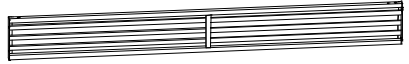

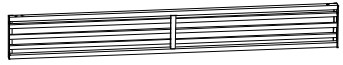

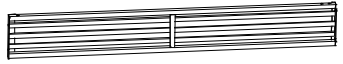

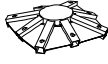

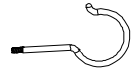

- Place 3 AA batteries into each battery case on the post. Place 2 AAA batteries into the battery case of remote. 12AA & 2AAA batteries are needed. Batteries not included.
- Do not mix old and new batteries. Do not mix alkaline, standard (Carbon - Zinc), or rechargeable (Nickel -Cadmium) batteries. If you find any noise, excessive temperature or leakage from a battery, please discard. When not using the unit for a considerable period of time, disconnect the batteries from the unit for storage. If battery power is weak during use, switch off the device and dispose of batteries.
- This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that many cause undesired operation.
- Do not dispose of batteries in fire, batteries may explode or leak.

HELPFUL HINTS

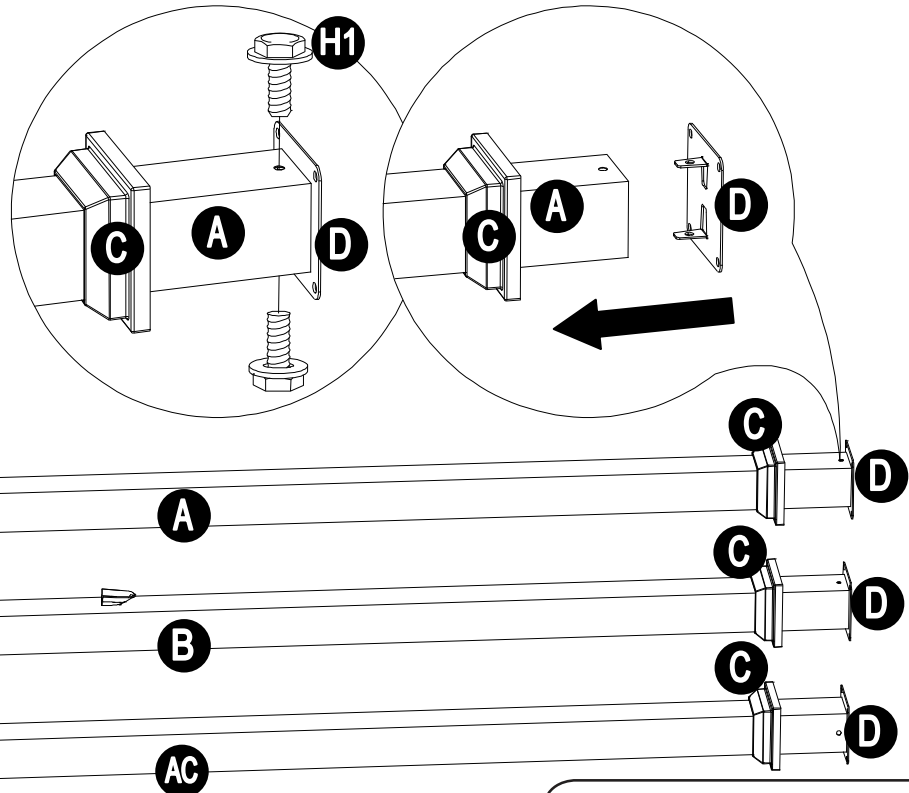

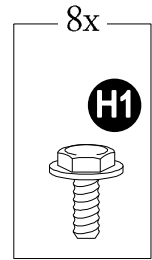

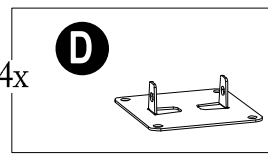

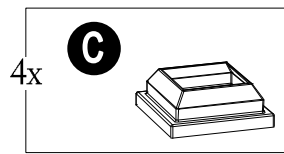

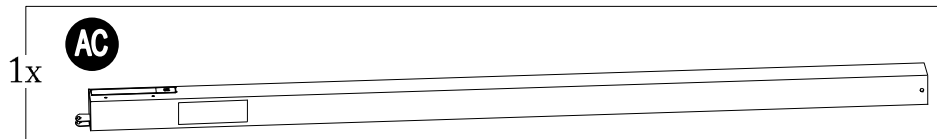

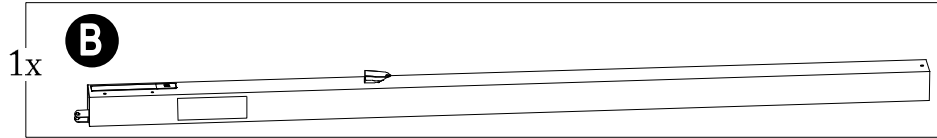

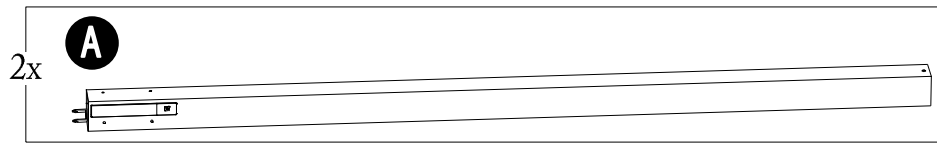

- Tools needed and not included:
- How many people needed for the installation work
- Estimate assemble time: 150~180 Minutes

How many people needed for the installation

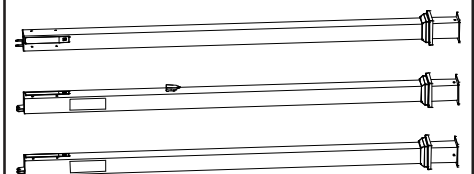

STEP 1

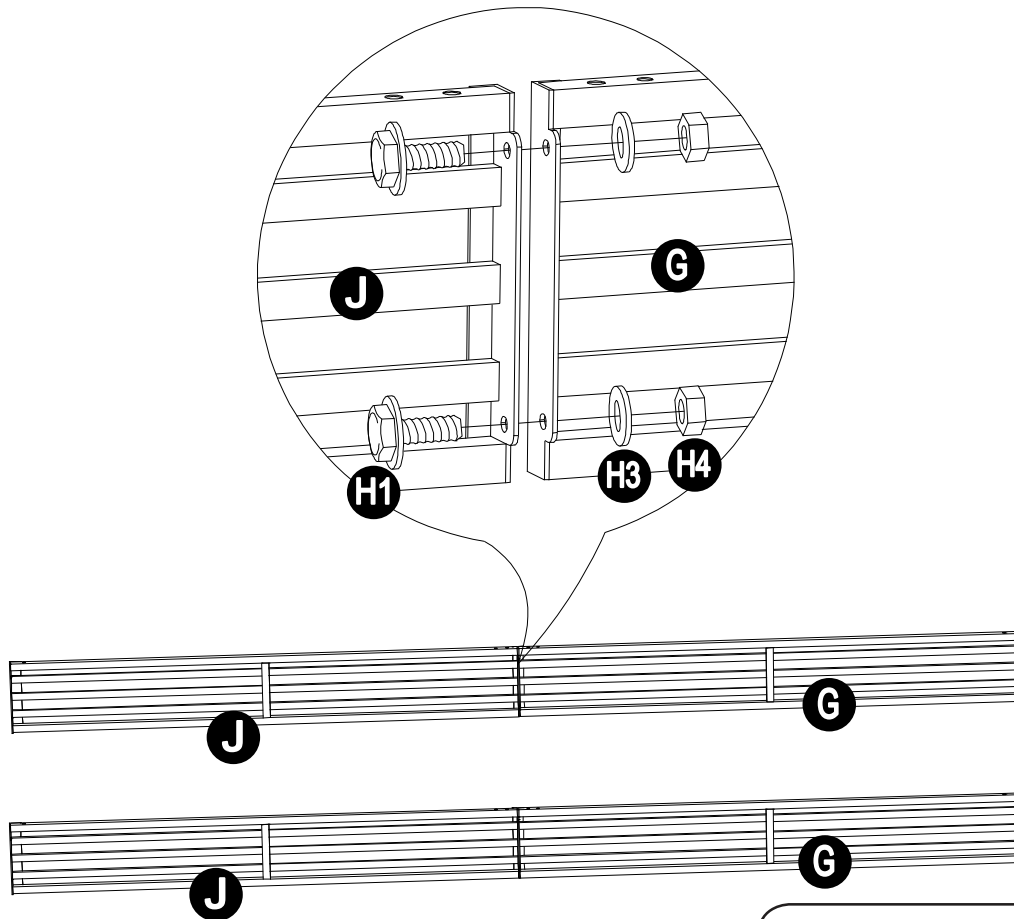

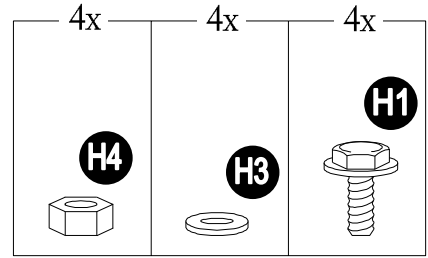

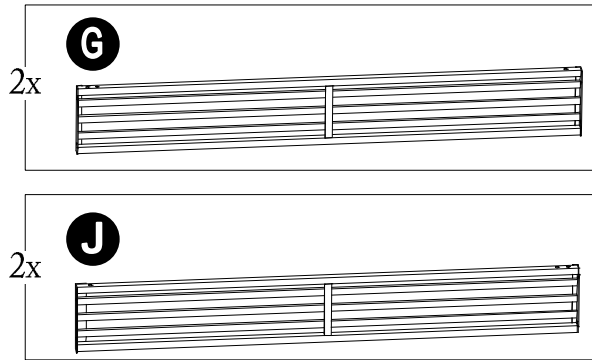

Put the Base Cover (C) on the Post1/2/3 (A/B/AC), clip the Post Cover (D) into the Post 1/2/3(A/B/AC), using the Bolt (H1) to connect and lock the Post Cover (D) and the Post 1/2/3(A/B/AC), tighten by Wrench (HW).

Assembled View:

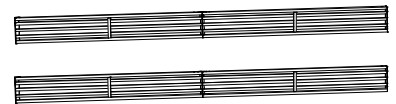

STEP 2

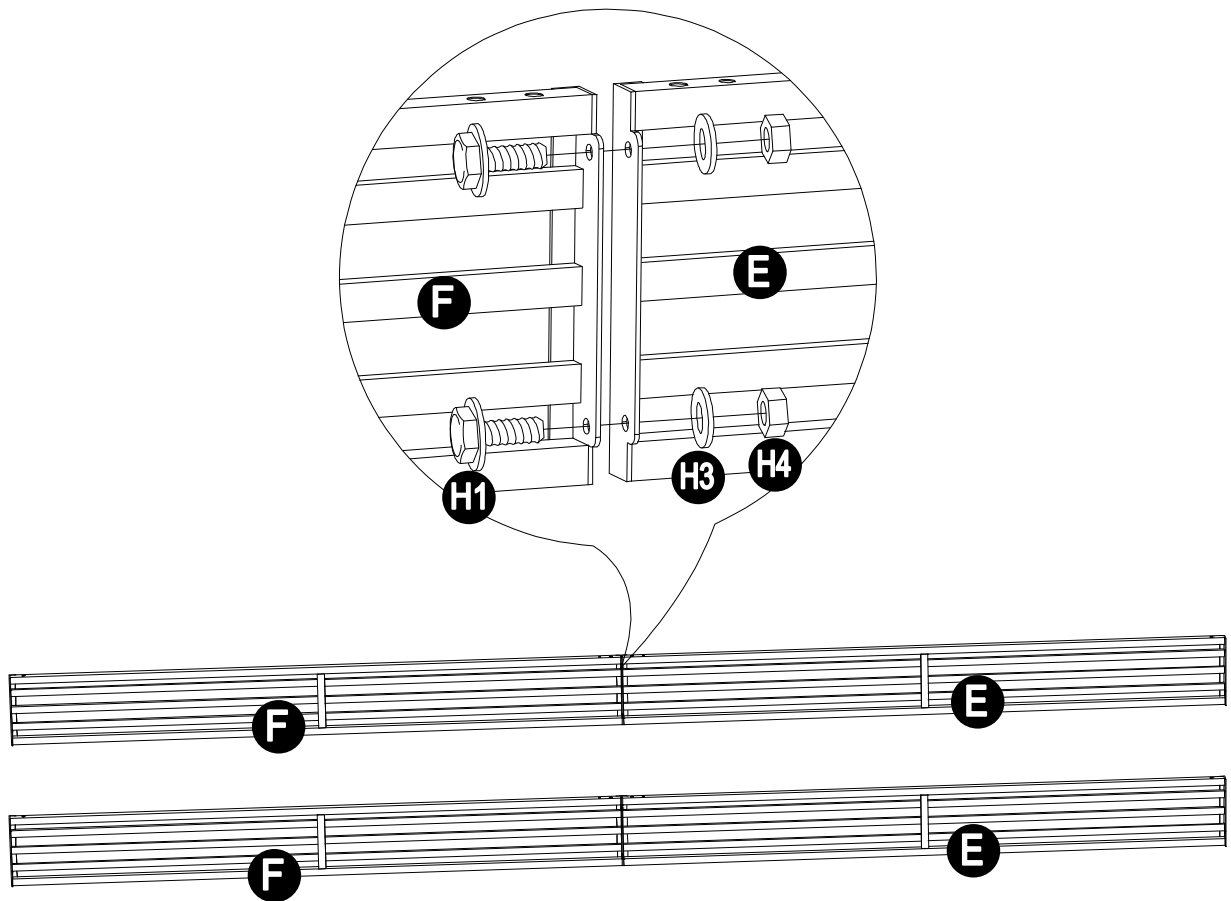

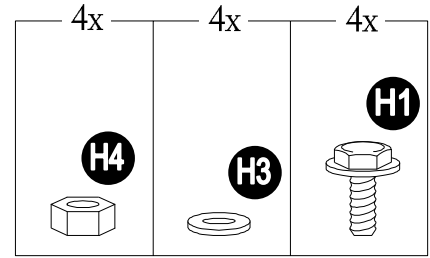

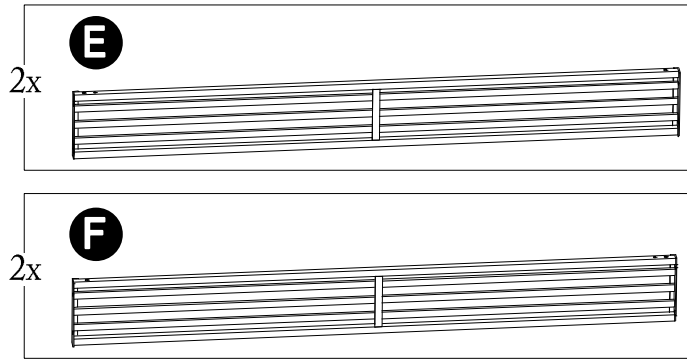

Use Bolt (H1), Flat washer (H3) and Nut (H4) to connect and lock the Short Left Cross Beam (G) and the Short Right Cross Beam (J), tighten by Wrench (HW).

Assembled View:

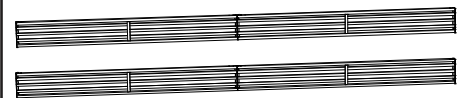

STEP 3

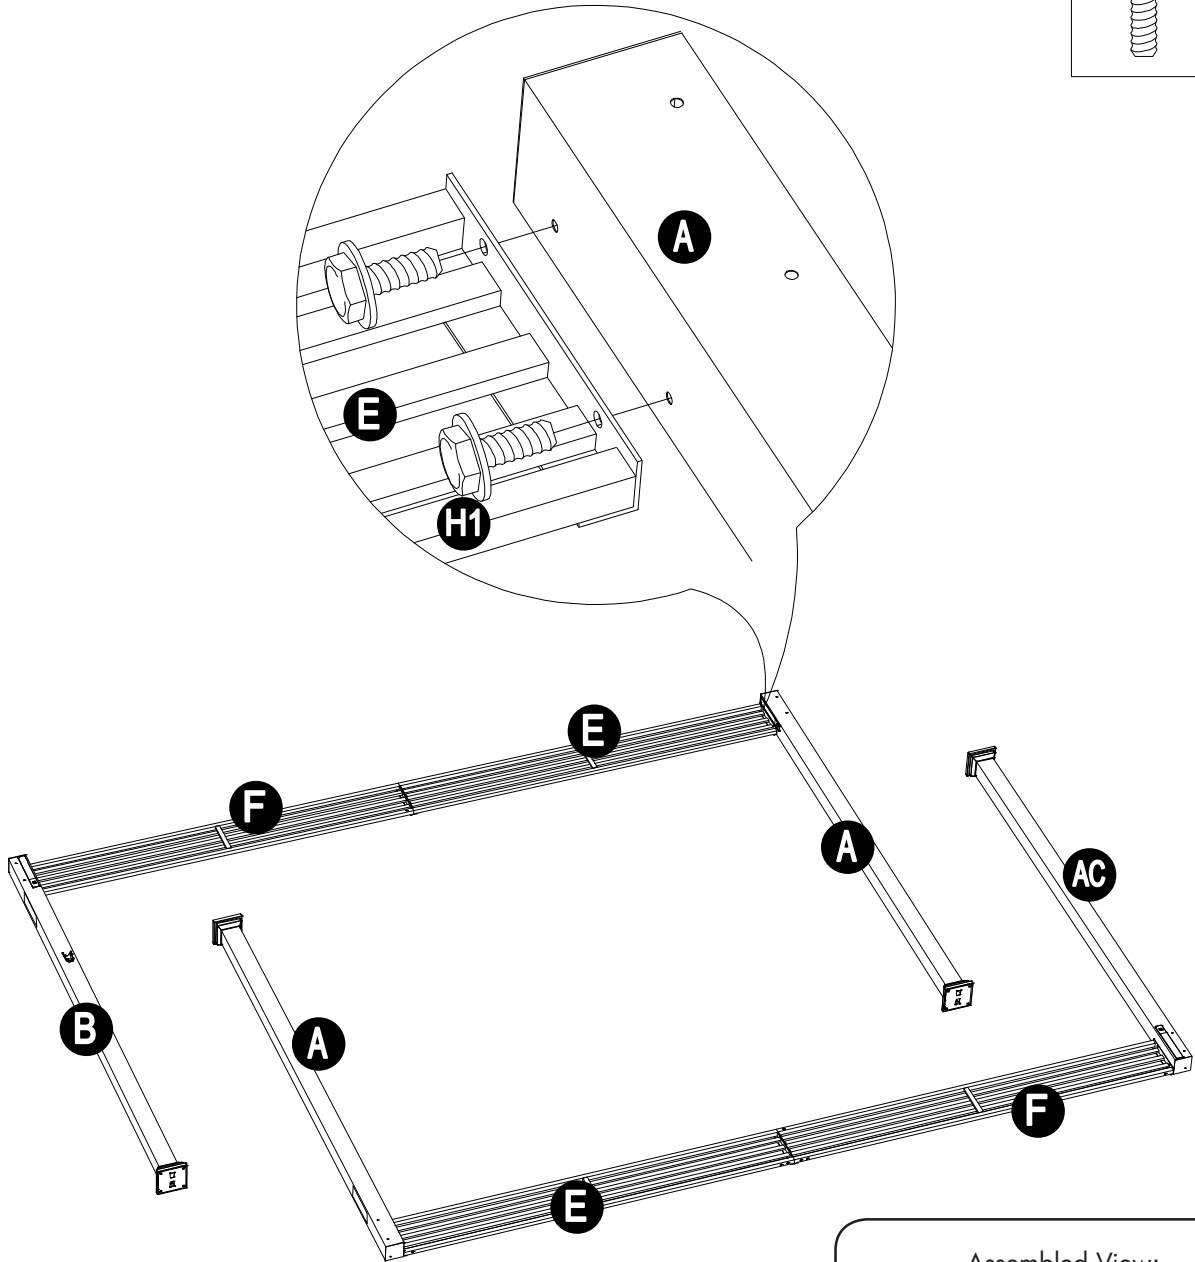

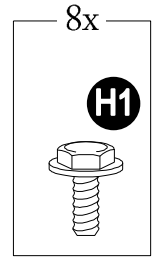

Use Bolt (H1), Flat washer (H3) and Nut (H4) to connect and lock the Long Left Cross Beam (E) and the Long Right Cross Beam (F), tighten by Wrench (HW).

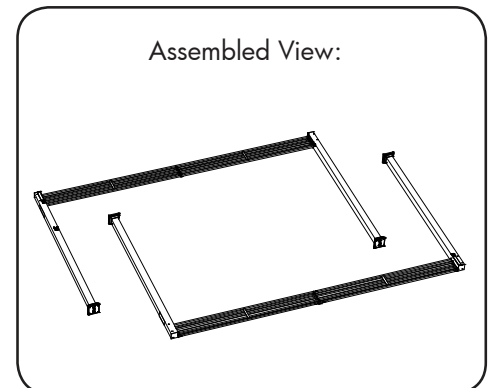

Assembled View:

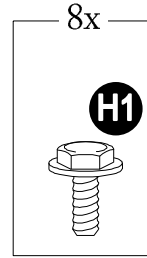

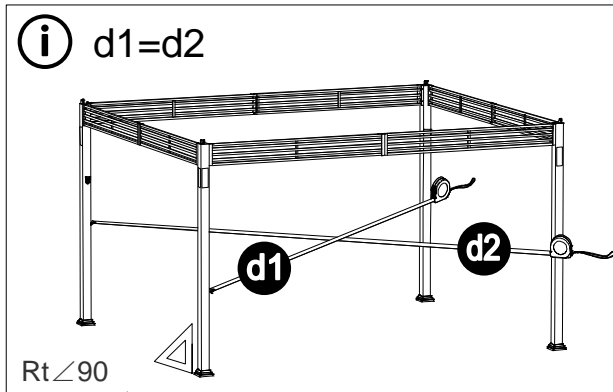

STEP 4

Use Bolt (H1) to connect and lock the Long Right Cross Beam (F) and the Post 2/3 (B/AC), and connect and lock the Long Left Cross Beam (E) and Post 1 (A), tighten by Wrench (HW).

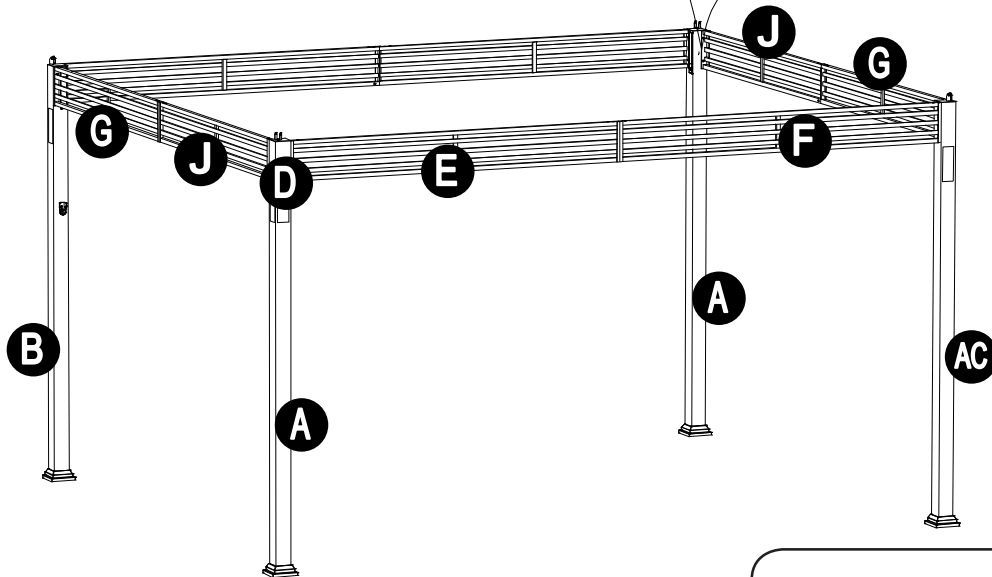

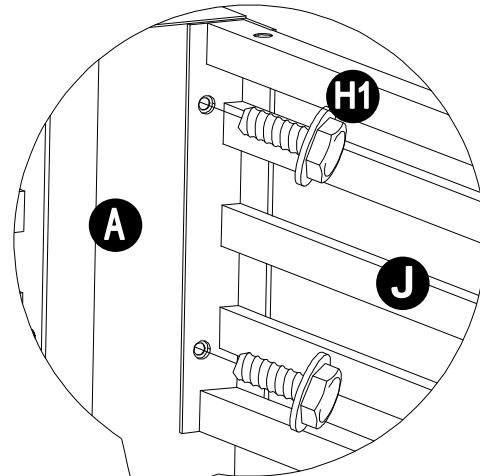

STEP 5

Assembly Tip on Step 5:

Please measure to make sure the length of d1 is equal to d2 before moving to next step to ensure a square frame and best results. Keep the beam at right angles to the post, the post at right angles to the ground, and keep the beam horizontal.

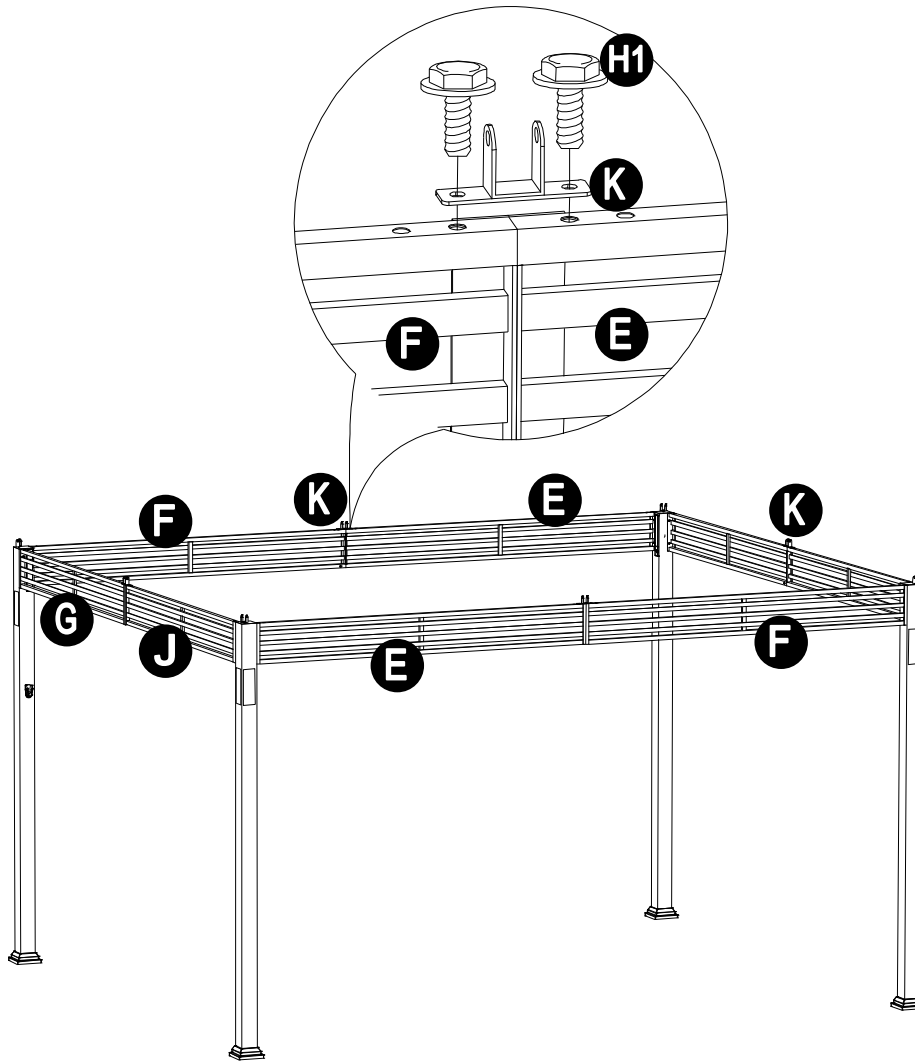

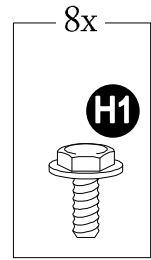

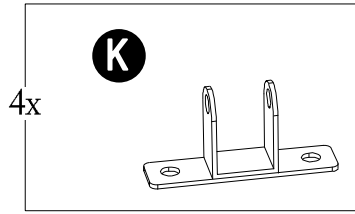

Use Bolt (H1) to connect and lock the Short Left Cross Beam (G) and the Post 2/3 (B/AC), and connect and lock the Short Right Cross Beam (J) and Post 1 (A), tighten by Wrench (HW).

Assembled View:

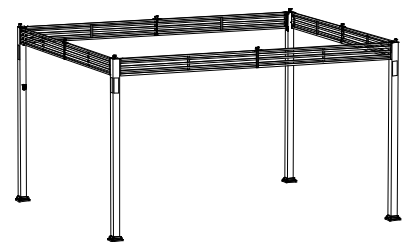

STEP 6

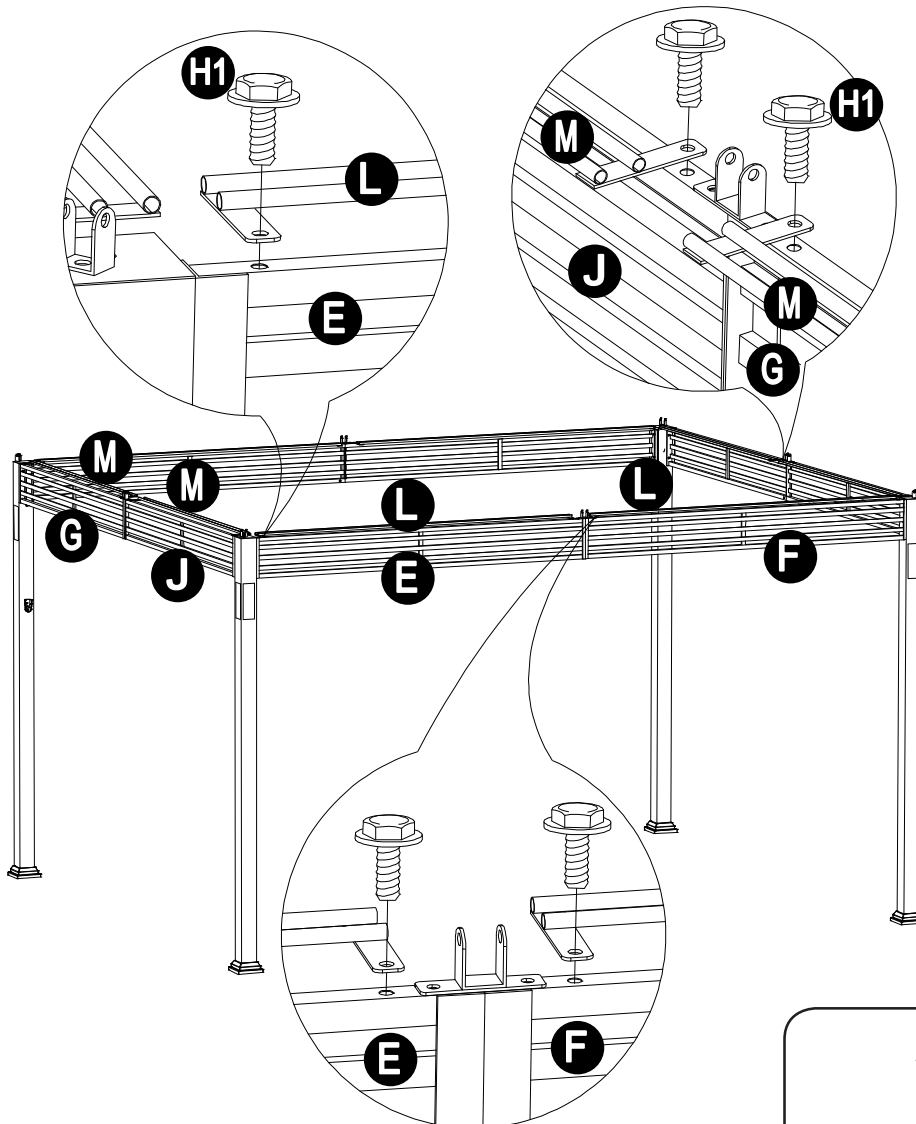

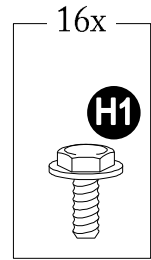

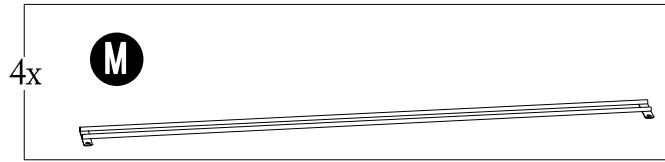

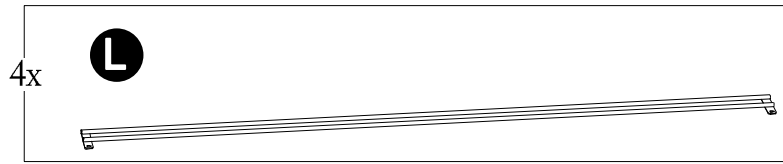

Use Bolt (H1) to connect and lock the Middle Connector (K), the Long Left Cross Beam (E) and the Long Right Cross Beam (F). Use Bolt (H1) to connect and lock the Middle Connector (K), the Short Left Cross Beam (G) and the Short Right Cross Beam (J), tighten by Wrench (HW).

Assembled View:

STEP 7

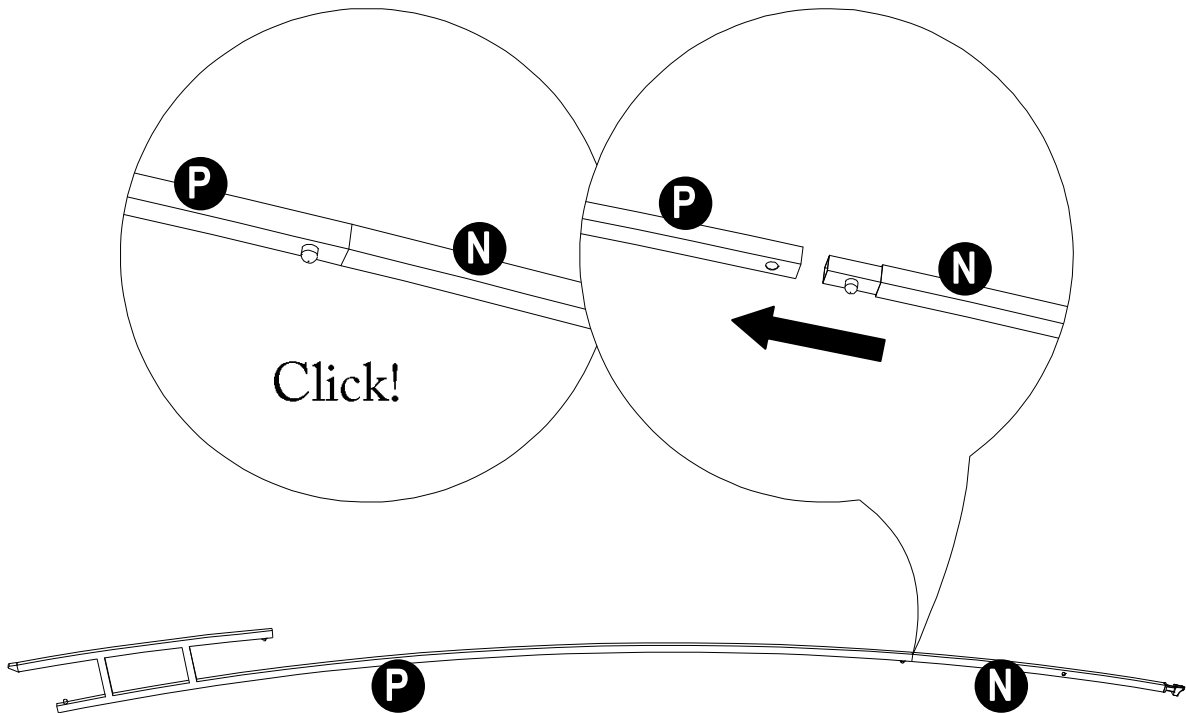

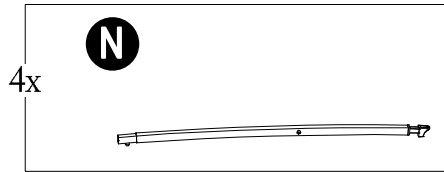

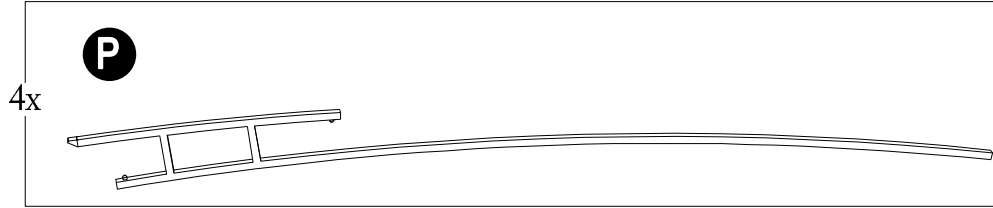

Use Bolt (H1) to connect and lock the Long Mosquito Netting Rod (L), the Long Left Cross Beam (E) and the Long Right Cross Beam (F). Use Bolt (H1) to connect and lock the Short Mosquito Netting Rod (M), the Short Left Cross Beam (G) and the Short Right Cross Beam (J), tighten by Wrench (HW).

Assembled View:

STEP 8

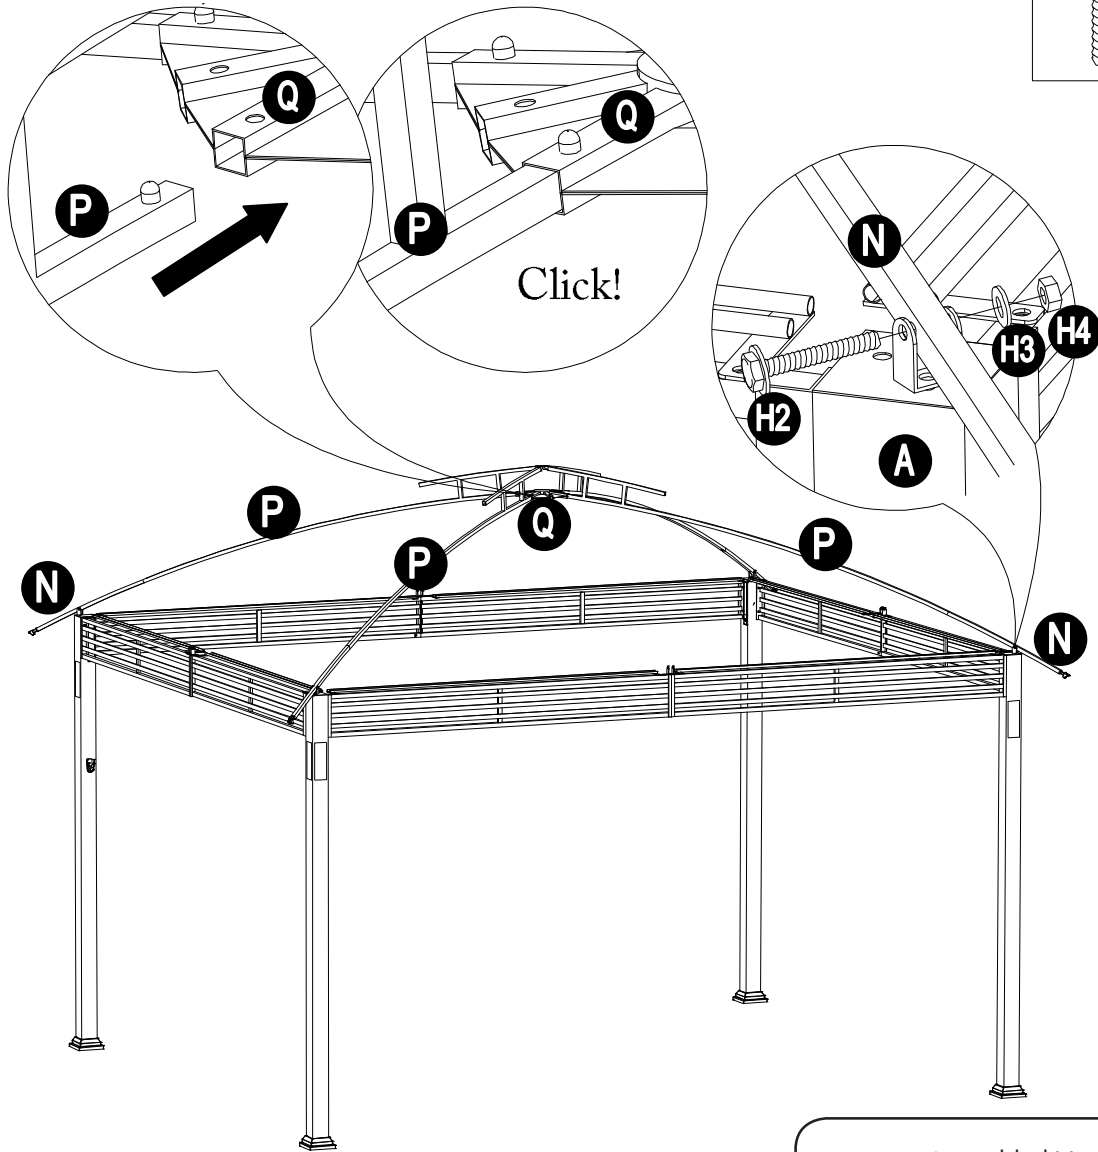

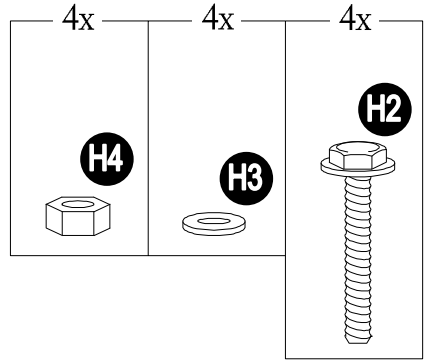

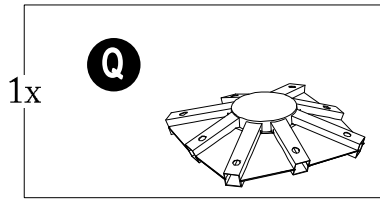

Insert the Rafter Lower Tube (N) into the Rafter (P) and snap the snap clip on the Rafter Lower Tube (N) into the hole of the Rafter (P).

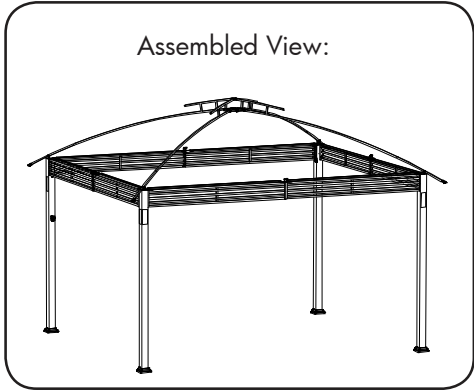

Assembled View:

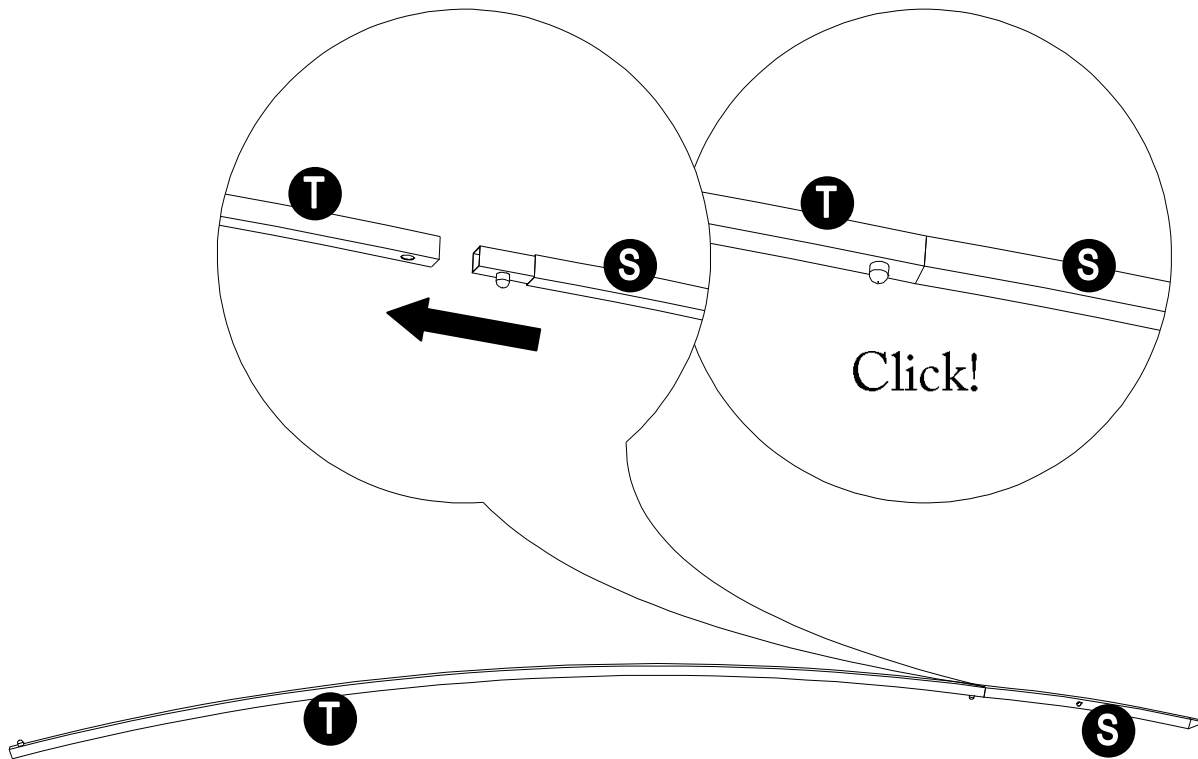

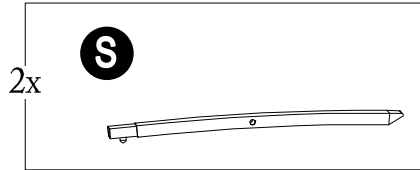

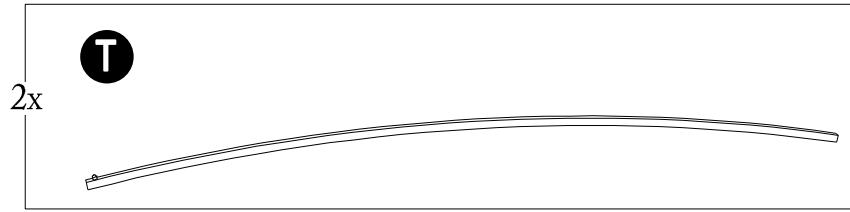

STEP 9

Insert the Rafter (P) into the Big Roof Connector (Q) and snap the elastic buckle on the Rafter (P) into the hole of the Big Roof Connector (Q), use Bolt (H2), Flat washer (H3) and Nut (H4) to connect and lock the Rafter Lower Tube (N) and the Post 1/2 (A/B), tighten by Wrench (HW).

STEP 10

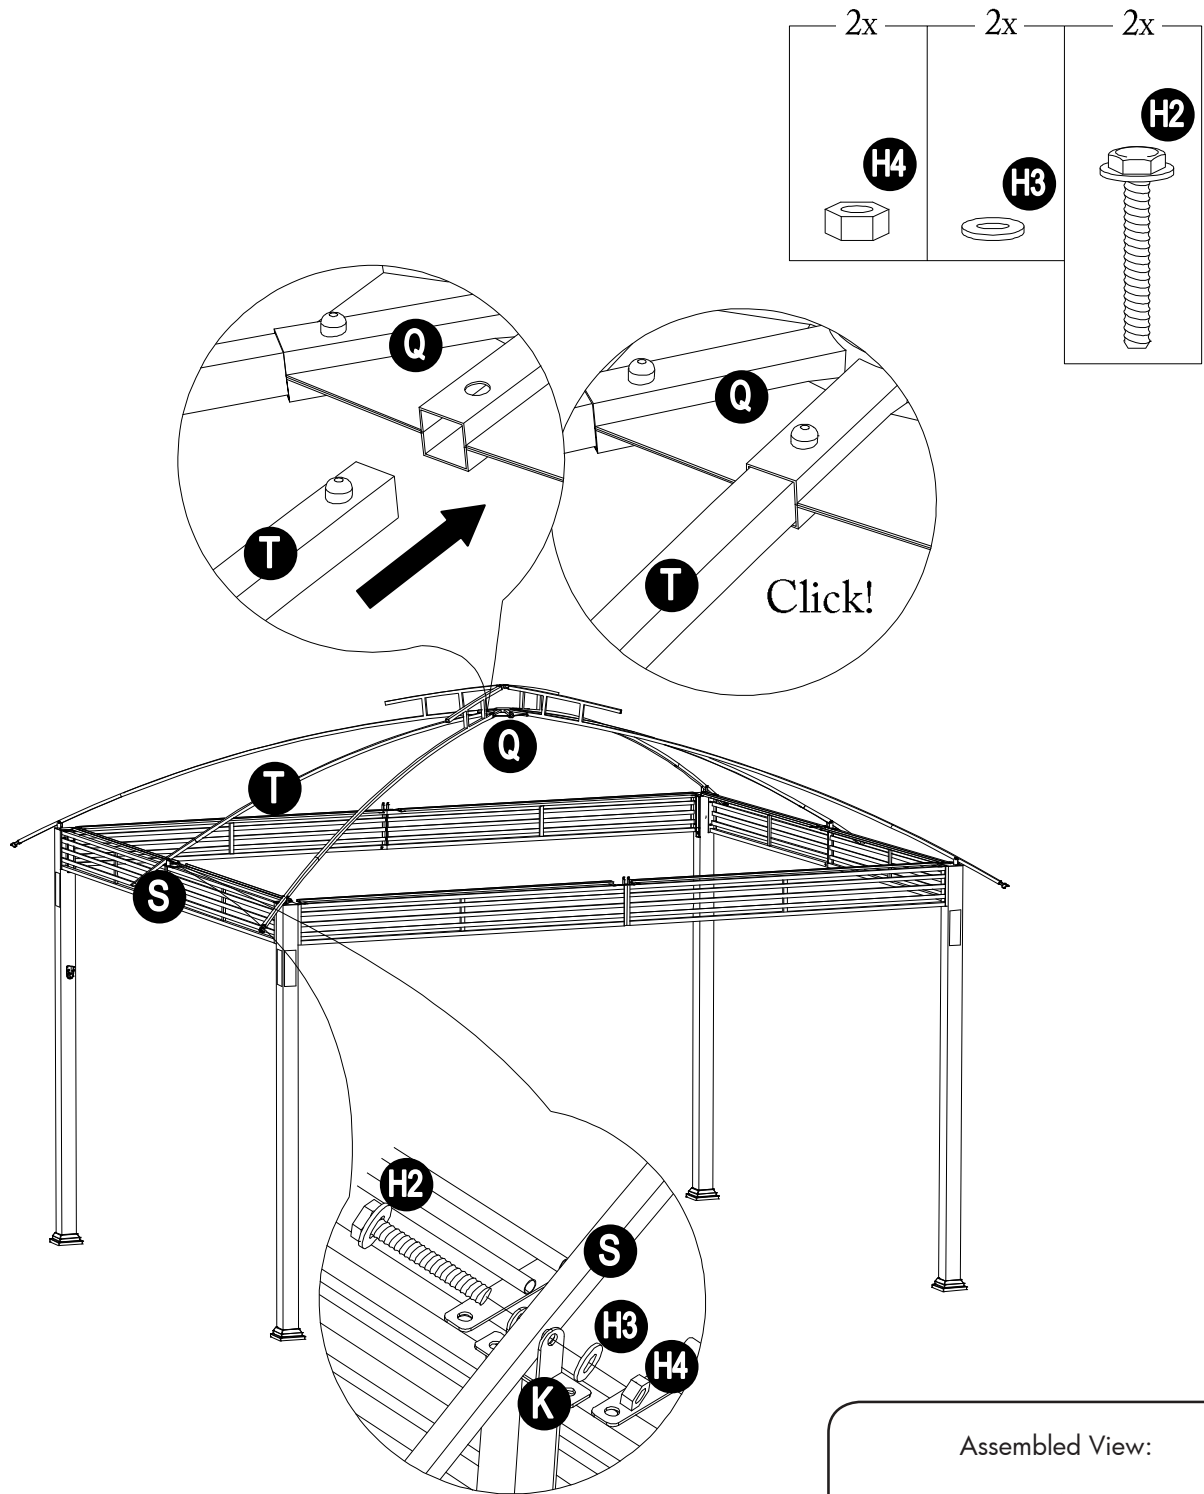

Insert the Long Middle Beam Lower Tube (S) into the Long Middle Beam (T) and snap the snaps on the Long Middle Beam Lower Tube (S) into the holes of the Long Middle Beam (T).

Assembled View:

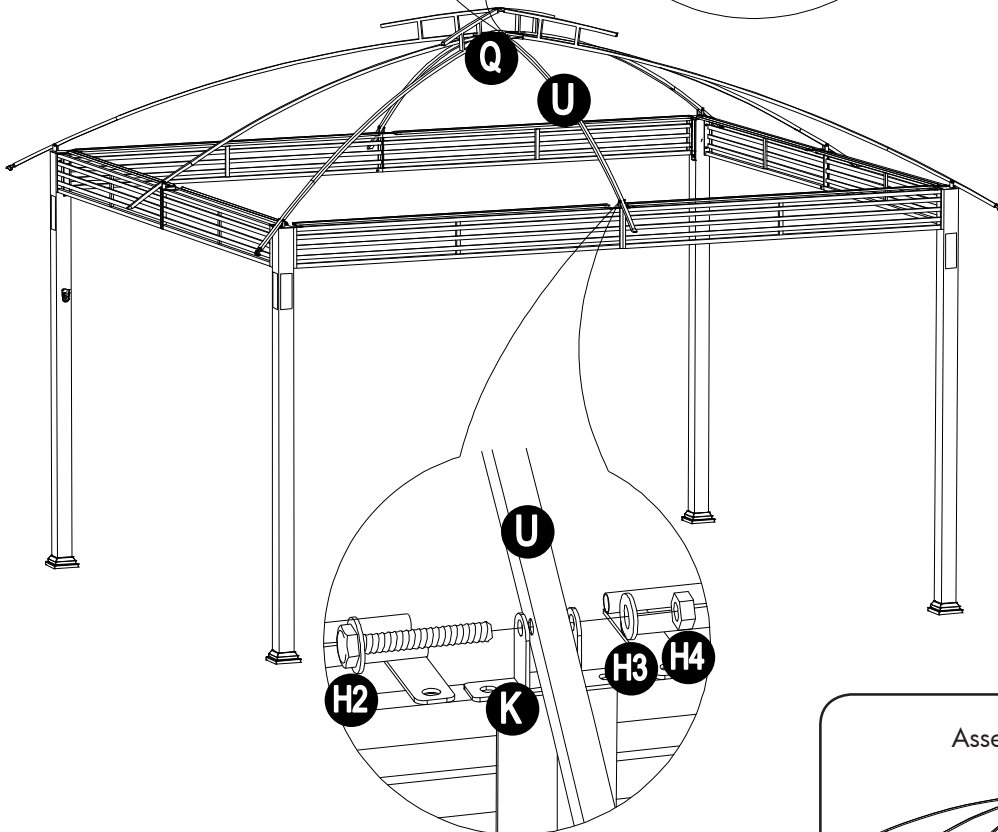

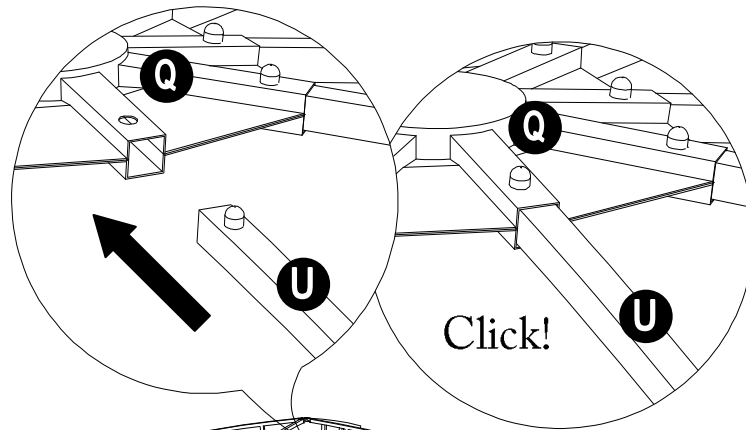

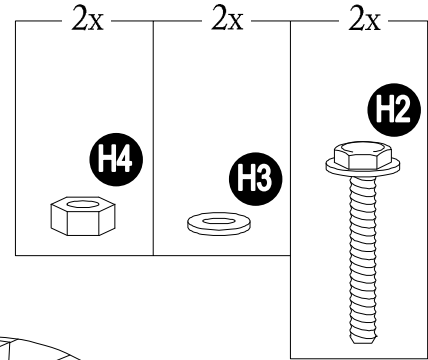

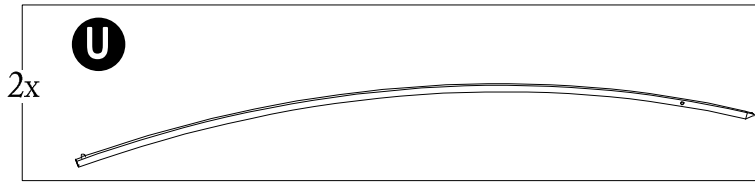

STEP 11

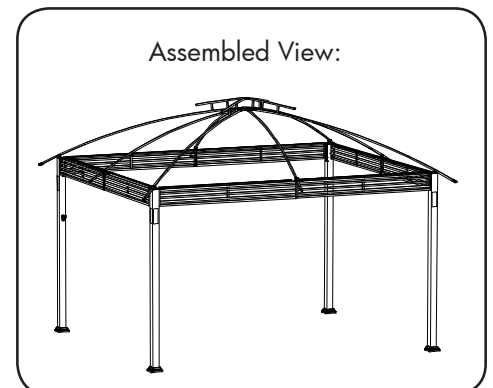

Insert the Long Middle Beam (T) into the Big Roof Connector (Q) and snap the elastic buckle on the Long Middle Beam (T) into the hole position of the Big Roof Connector (Q). Use Bolt (H2), Flat washer (H3) and Nut (H4) to connect and lock the Long Middle Beam Lower Tube (S) and the Middle Connector (K), tighten by Wrench (HW).

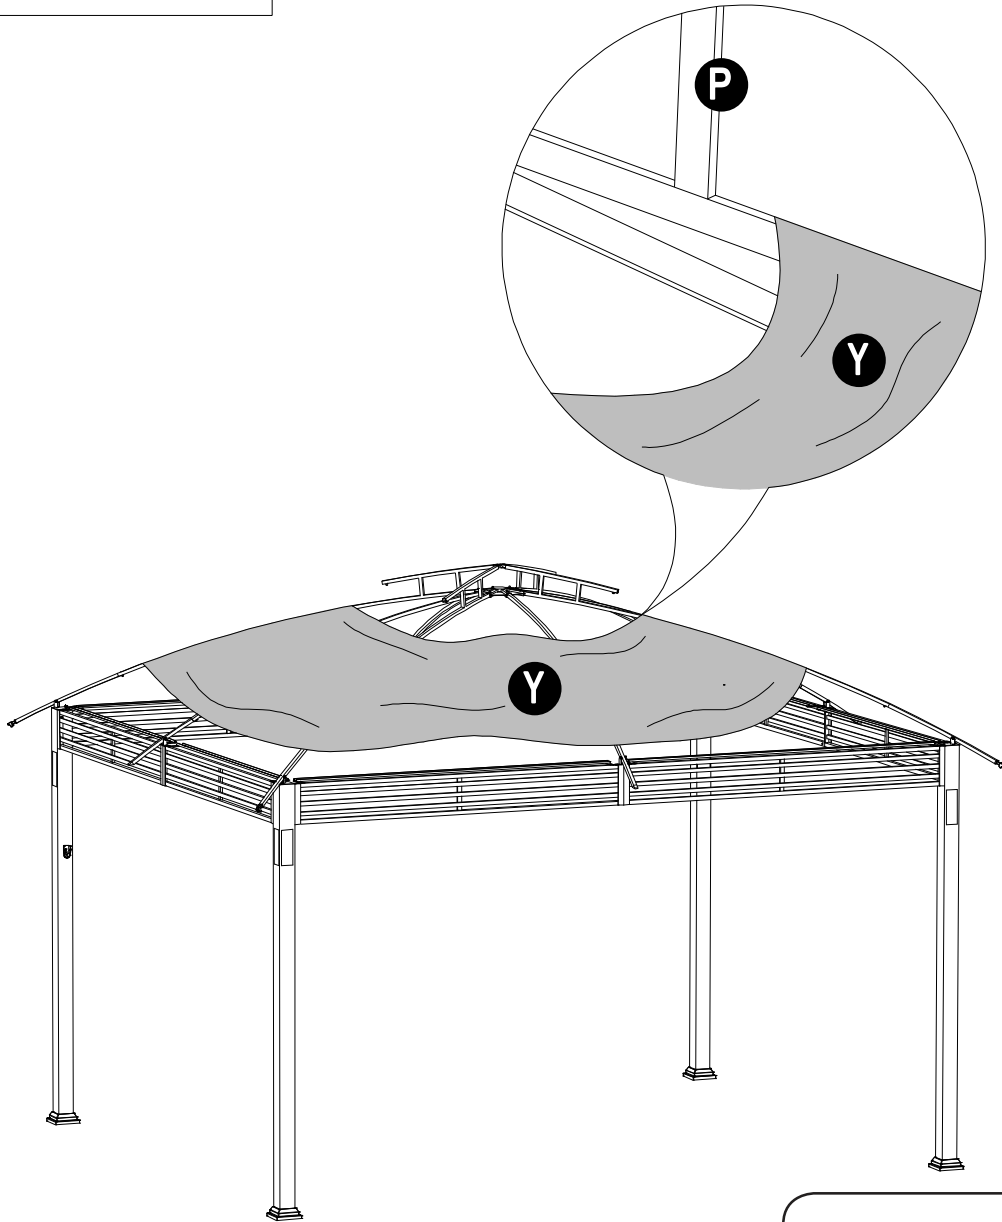

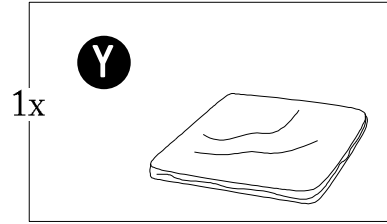

STEP 12

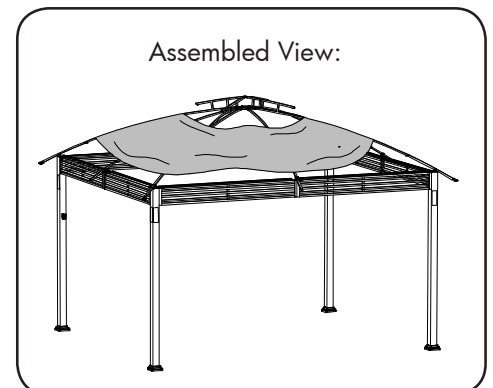

Insert the Short Middle Beam (U) into the Big Roof Connector (Q) and snap the clip of the Short Middle Beam (U) to the Big Roof Connector (Q). Use bolts (H2), Flat washer (H3) and Nut (H4) to connect and lock the Short Middle Beam (U) and the Middle Connector (K), tighten by Wrench (HW).

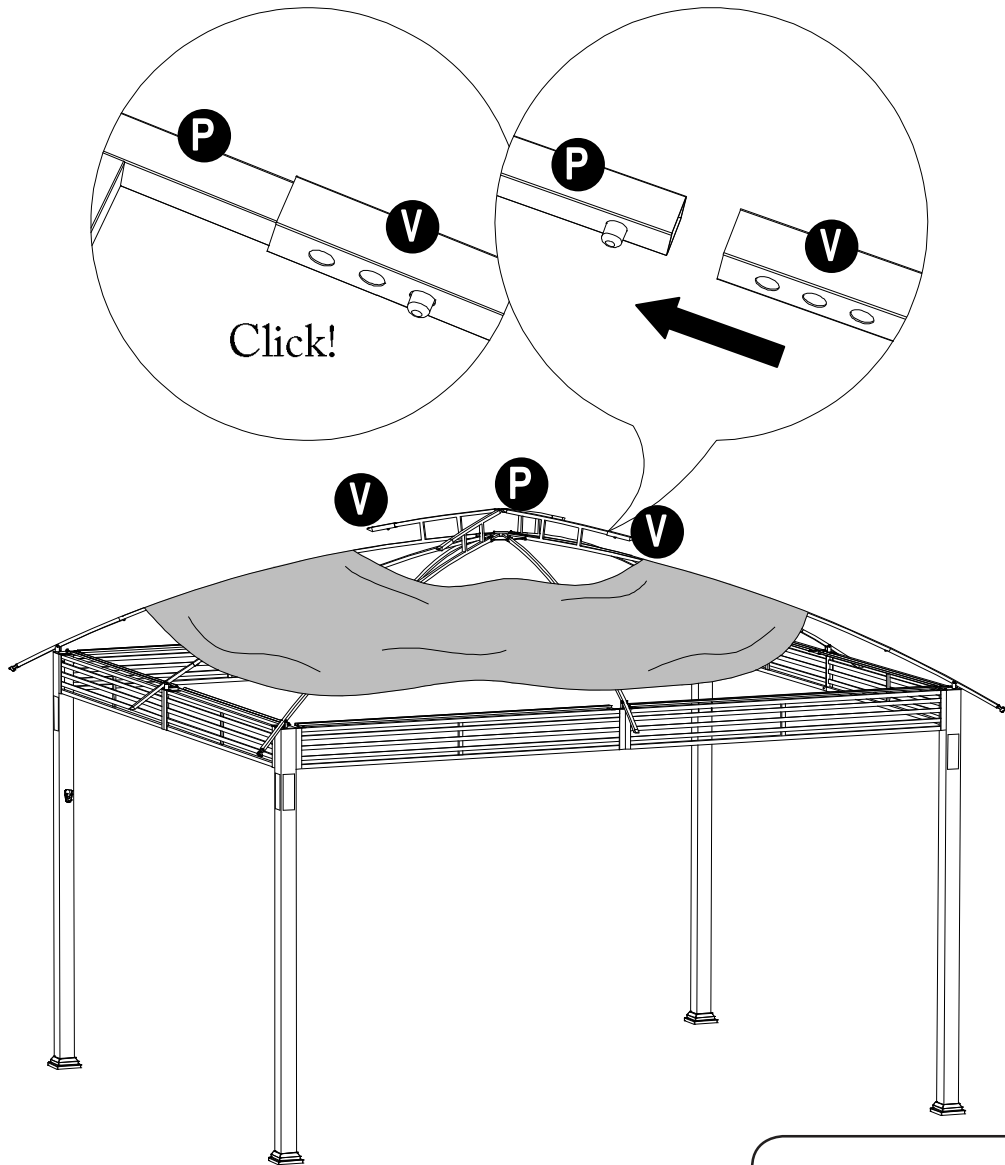

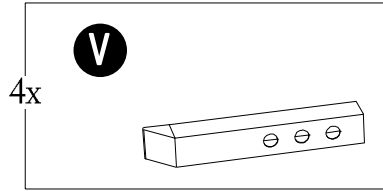

STEP 13

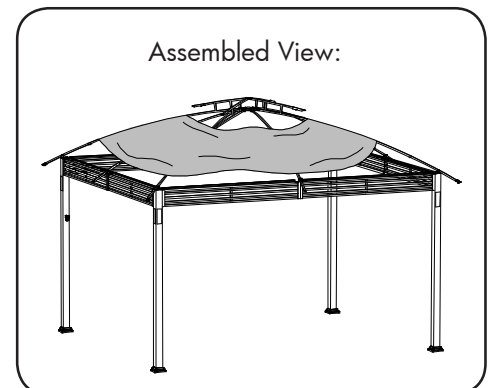

As shown in the picture, spread the Big Canopy (Y) on the big top, but do not spread it first.

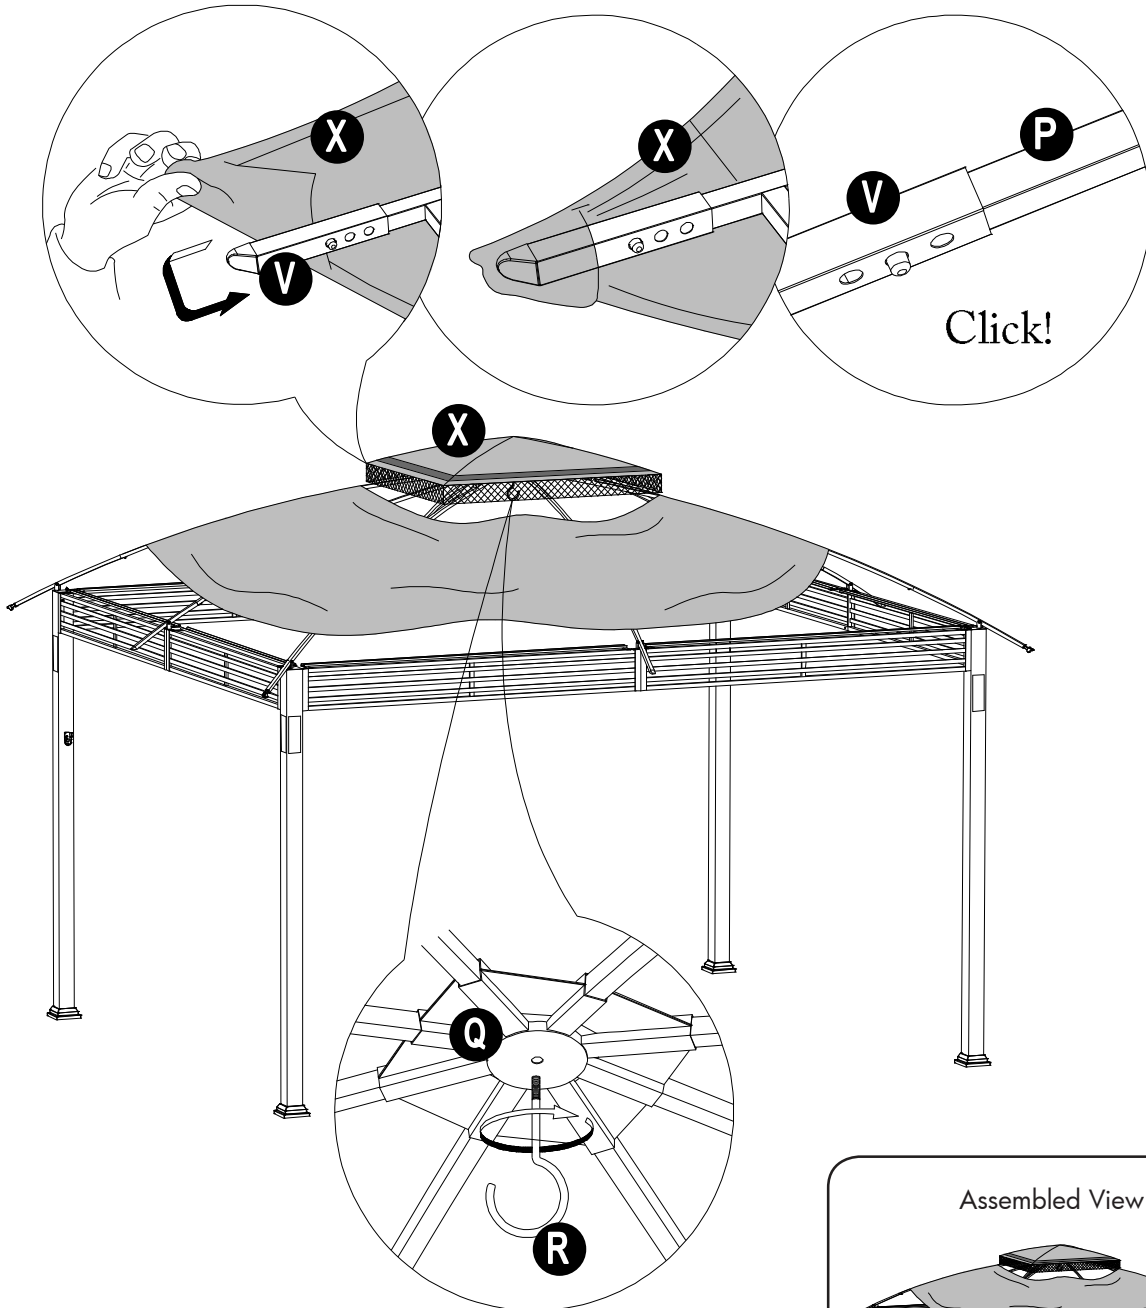

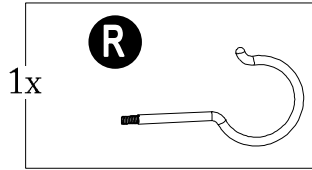

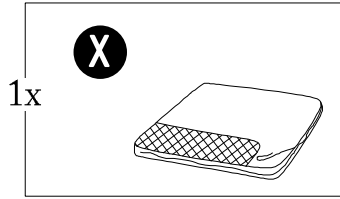

STEP 14

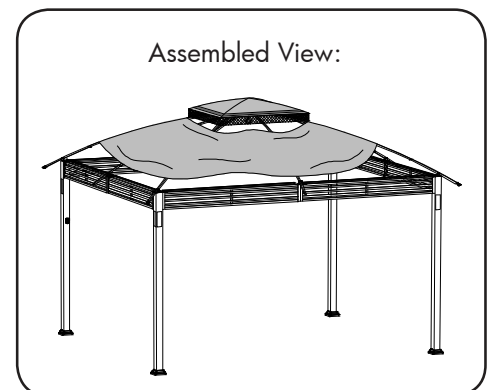

Assemble the Adjustable Tube (V) to the Rafter (P), and snap the elastic buckle of the Rafter (P) into the hole of the Adjustable Tube (V).

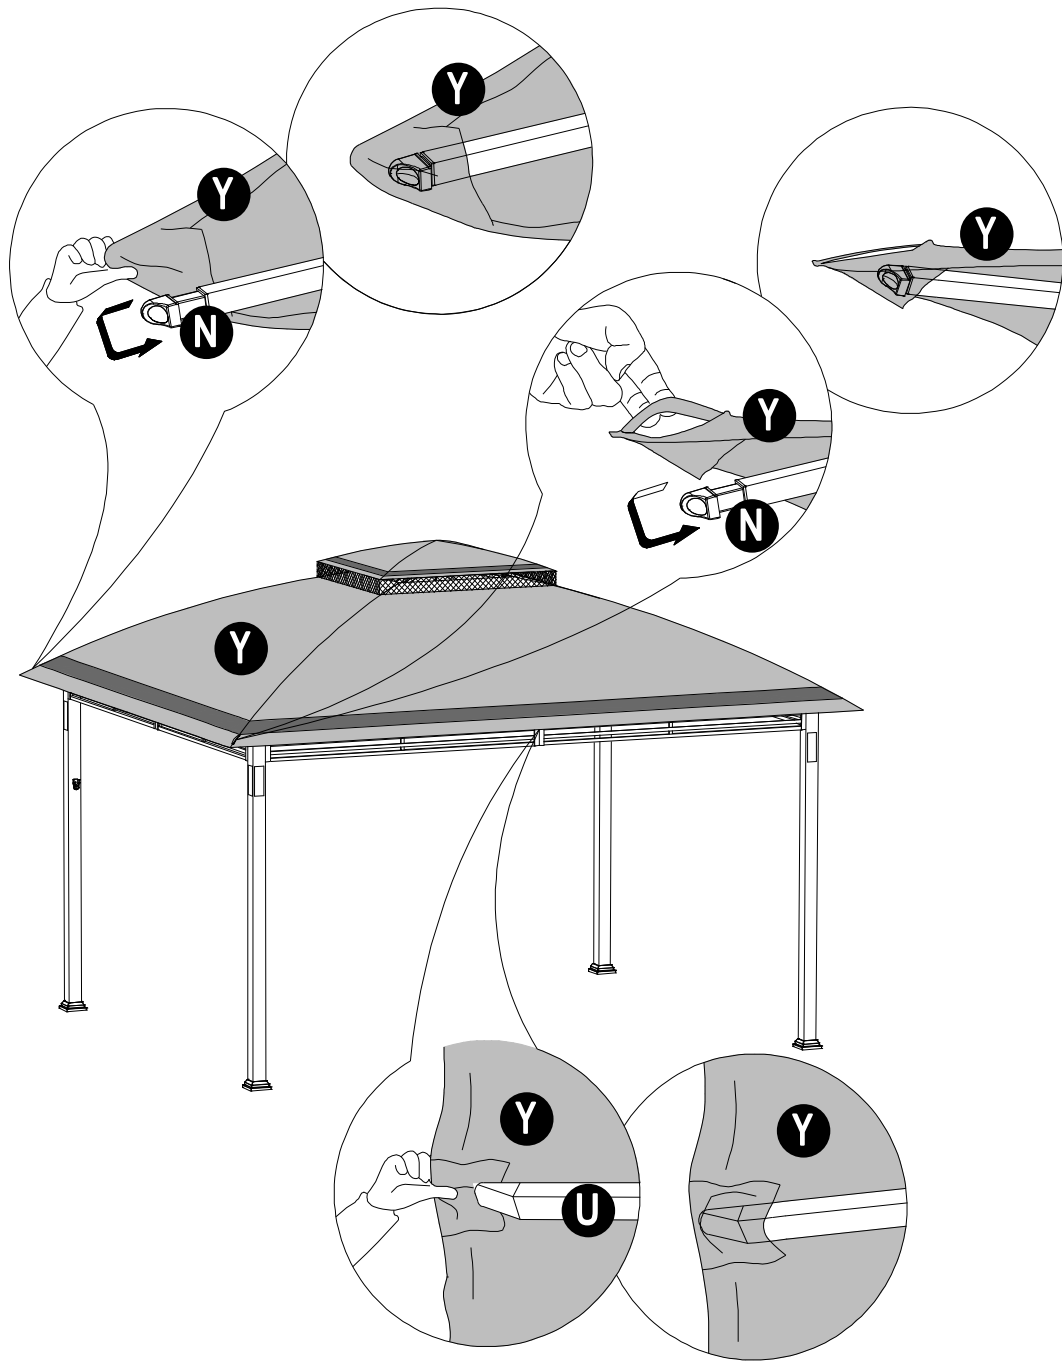

STEP 15

As shown in the picture, assemble the hook to the Big Roof Connector (Q), spread the Small Canopy (X) on the small top, and put the four corners of the Small Canopy (X) on the Adjustable Tube (V) .

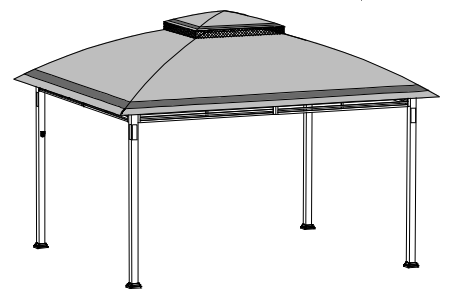

STEP 16

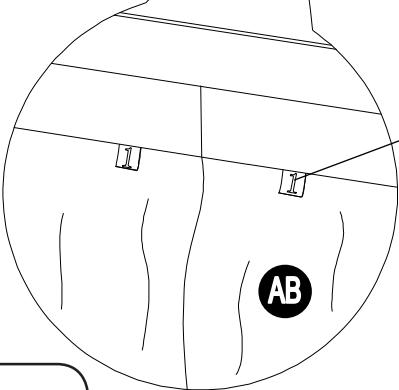

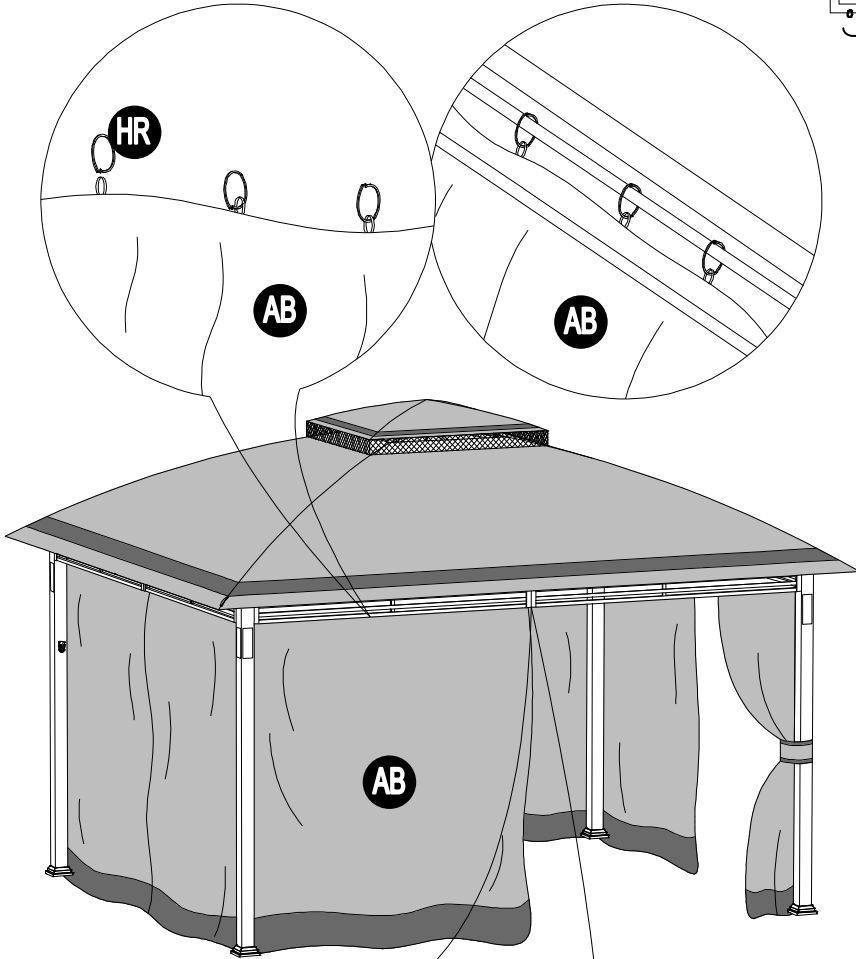

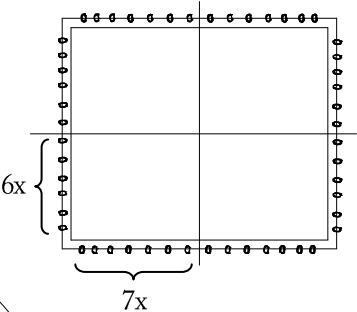

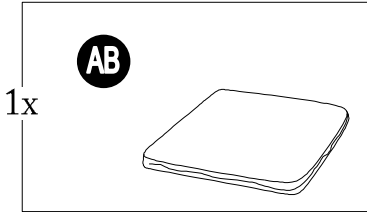

As shown in the picture, spread out the Big Canopy (Y), put it on the Rafter Lower Tube (N), and put it on the Long Middle Beam Lower Tube (S), on the Short Middle Beam (U).

Assembled View:

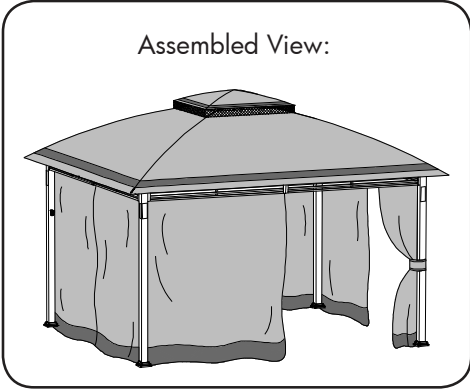

STEP 17

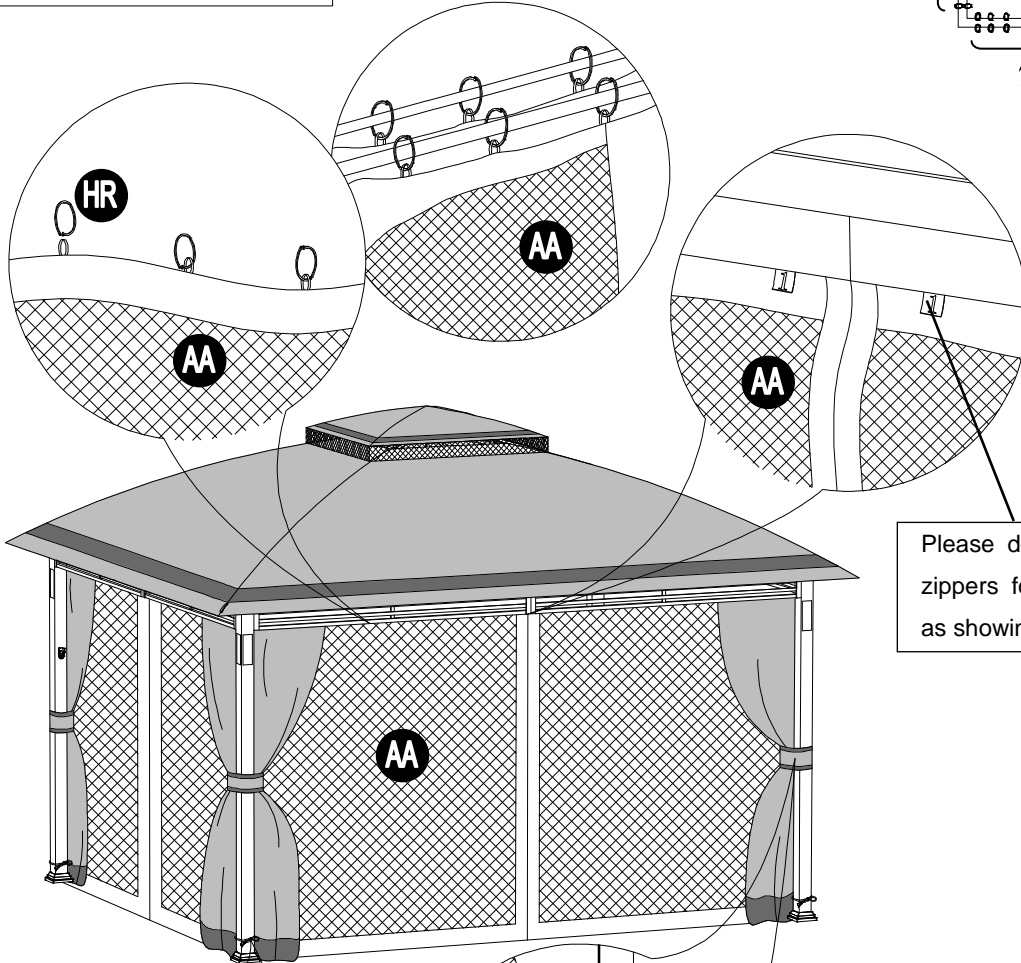

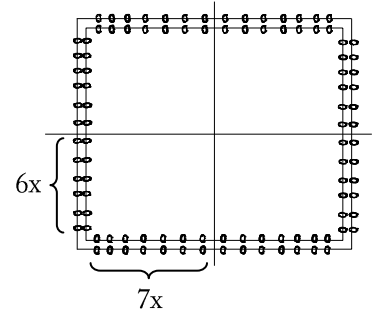

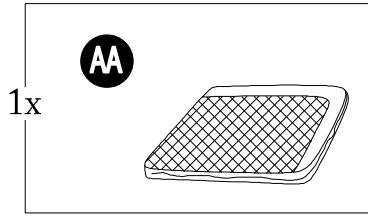

Please do the matching of zippers for different panels as showing the picture.

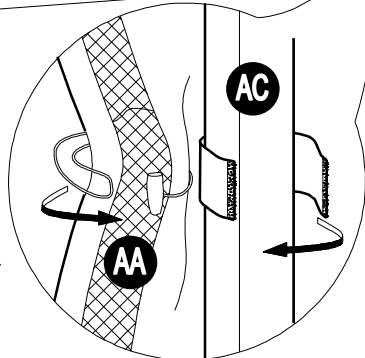

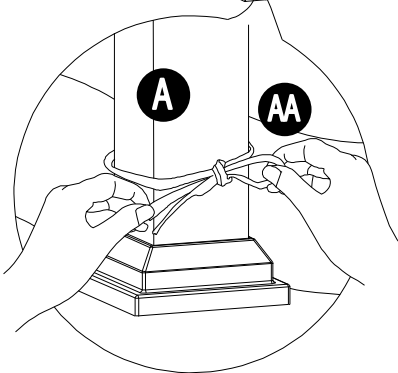

Hang the Ring (HR) on the Curtain (AB), on the Long Mosquito Netting Rod (L) and on the Short Mosquito Netting Rod (M).

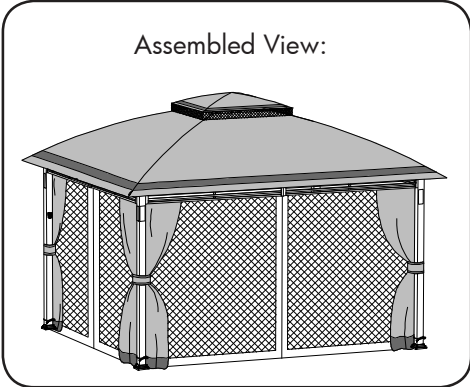

STEP 18

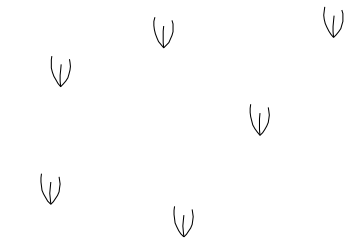

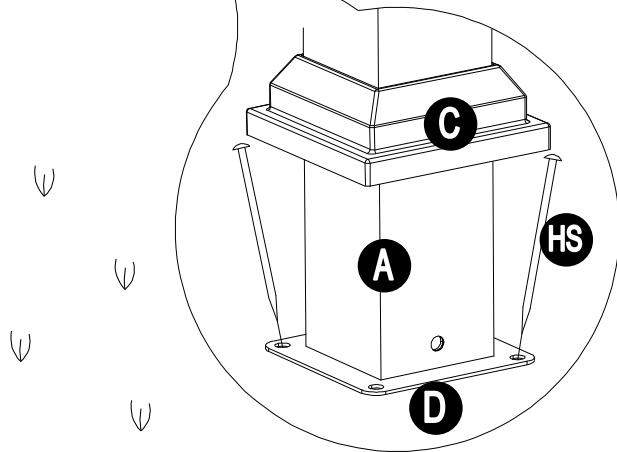

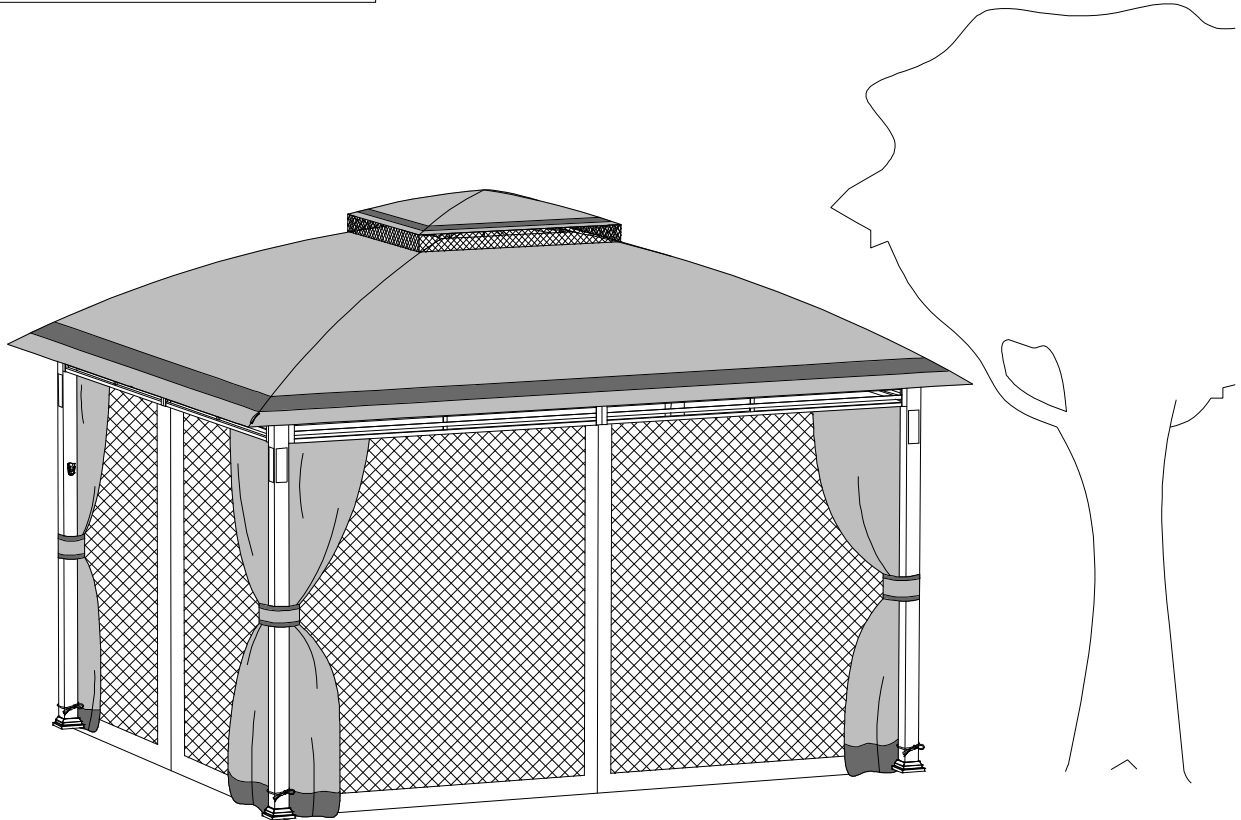

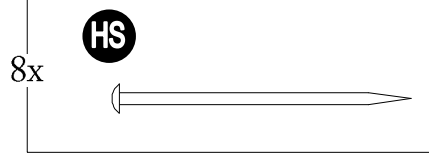

Please do the matching of zippers for different panels as showing the picture

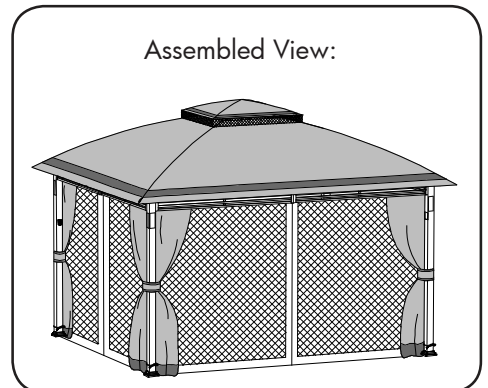

Hang the Ring (HR) on the Mosquito Netting (AA), on the Long Mosquito Netting Rod (L) and the Short Mosquito Netting Rod (M). Tie the straps on the Mosquito Netting (AA) to the Post 1/2/3 (A/B/AC).

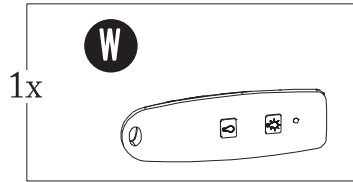

STEP 19

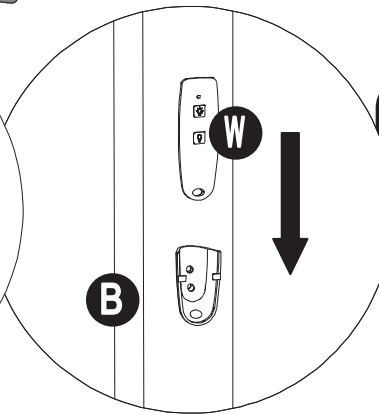

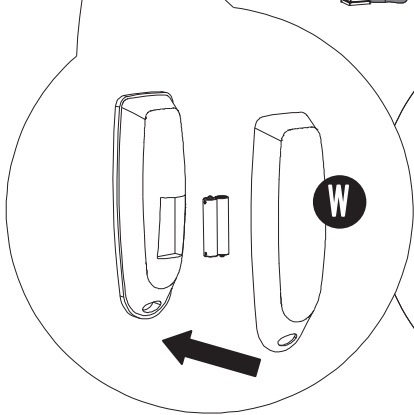

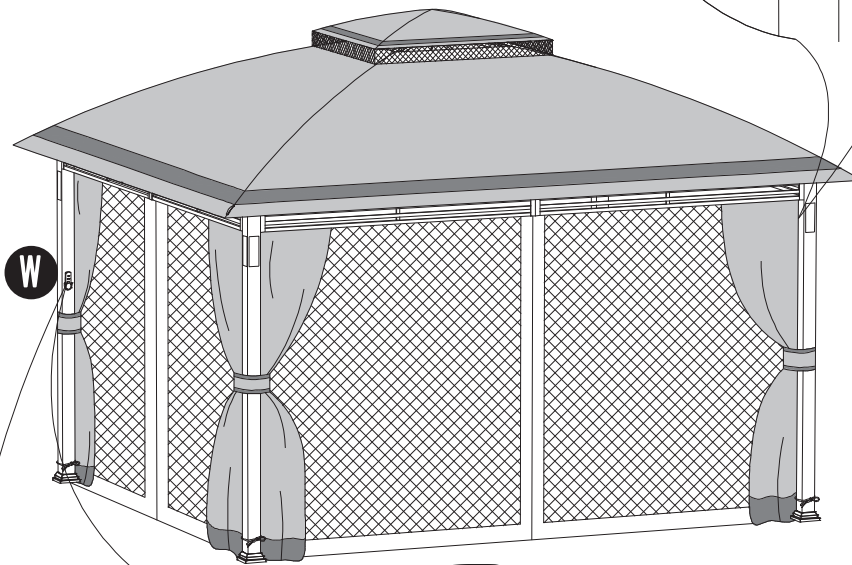

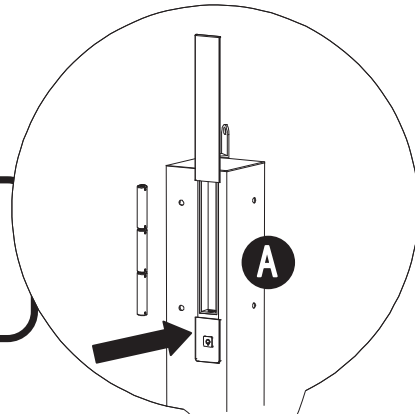

Use Stake (HS) through the Post Cover (D) to fasten the assembled tent to the level ground.

STEP 20

Caution: 12 AA Batteries needed to be put in the posts (not included)

Caution: 2 AAA Batteries needed to be put in the remote control (not included)

As shown in the picture, assemble the battery into the Remote Control (W) and Post (A)&(B), assemble the battery into the Remote Control (W) and hang it on the Post(B), the product assembly is complete.

Assembled View:
