

Upholstered Furniture Leg Attachment

ASSEMBLY INSTRUCTIONS

1

The legs will come in a bag and are usually located in the seat of the upholstery piece.

2

The four legs will need to be mounted on the four outside corners on the bottom of the piece.

3

Each leg will have (2) quad head screws. You will need a 3" long quad drill bit or a #2 Phillips bit to insert the screws.

4

Align each leg to the bottom of the furniture and while holding leg securely in place, use a drill to secure the screws firmly into the bottom being careful not to overtighten.

5

Proper screw tension into the base of the furniture will provide safety and peace of mind as you enjoy your comfortable new furniture.
