Welcome!

Congratulations on your new Funsicle Maintenance Kit.

As always, we're here to help. For any issues, questions, or extra support, visit funsicle.com/support, or contact Customer Service at 888-670-4FUN (888-670-4386) or HelloFun@Funsicle.com.

Safety Guidelines

IMPORTANT SAFETY INSTRUCTIONS

When installing and using this product, basic safety precautions should always be followed, including the following:

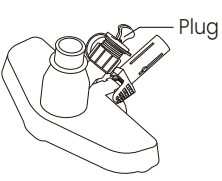

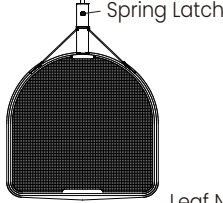

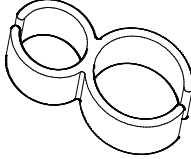

READ AND FOLLOW ALL INSTRUCTIONS

Keep this User Guide for future reference.

Warnings

- Read and follow all safety information and instructions. Keep for future reference. Failure to follow these warnings and instructions can result in serious injury or death to users, especially children.
- Keep children in your direct sight, stay close, and actively supervise them when they are in or near this pool and when you are filling and emptying this pool.
- Keep all breakable objects out of the pool area.

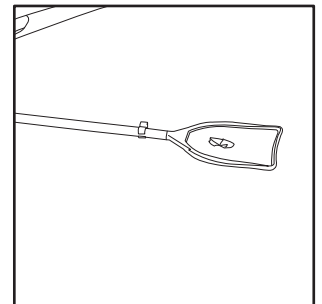

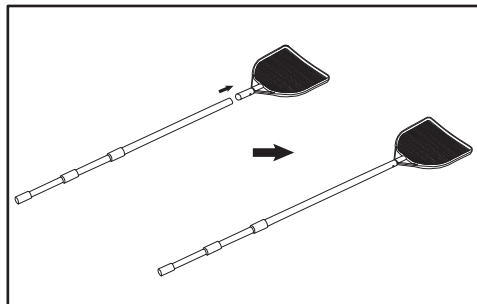

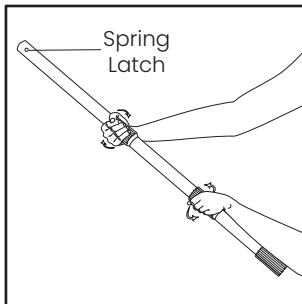

Parts List

 Vacuum Body	 Leaf Net	 Hose Clip
 Telescopic Pole		 Vacuum Bag

Operation Instructions

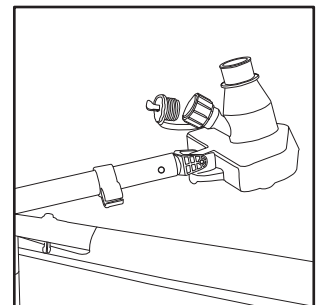

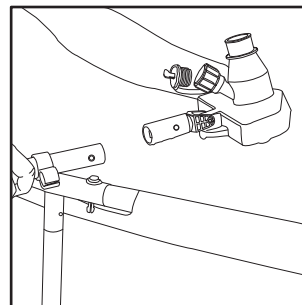

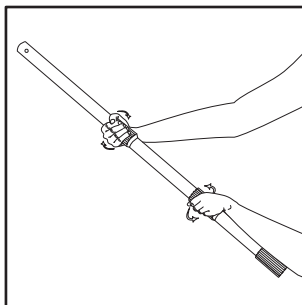

Using the Leaf Net

1. Extend the telescopic pole to its fullest length.
2. Attach the leaf net to the open end of the telescopic pole.
3. Scoop out leaves and debris from the pool.

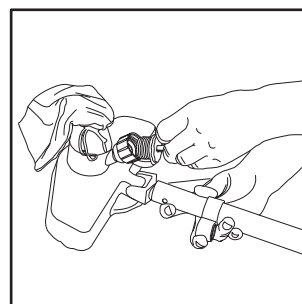

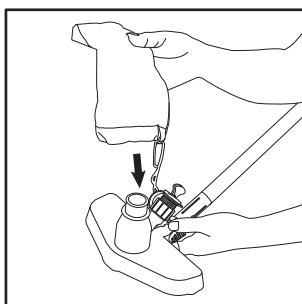

Vacuuming with a 5/8" NPT Thread Garden Hose (not included)

1. Extend the telescopic pole to its fullest length.
2. Attach the vacuum head to the open end of the telescopic pole.

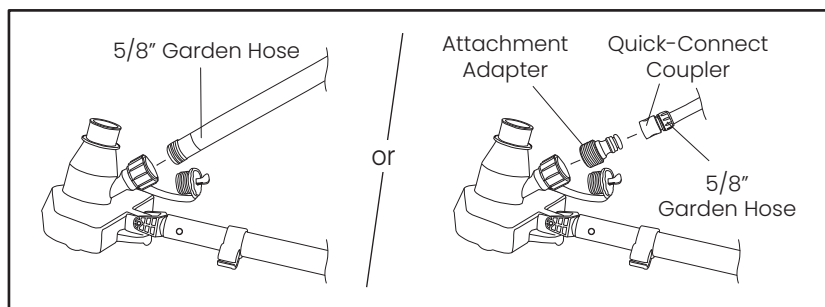

3. Attach the vacuum bag to the vacuum head, tighten the drawing string and tie a simple shoelace knot.
4. Twist off the water hose cap.

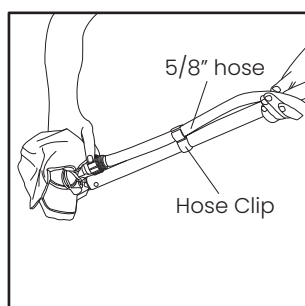

5. Connect and hand tighten a 5/8" garden hose to the vacuum head.

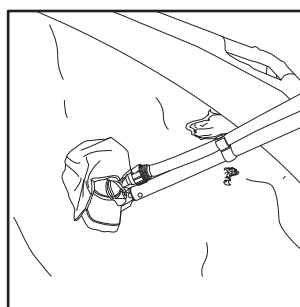

NOTE: If your garden hose is designed with quick-connect couplers, add an attachment adapter to the end of the garden hose before connecting to the vacuum head.

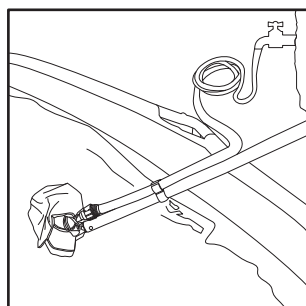

6. Secure the hose into the hose clip.

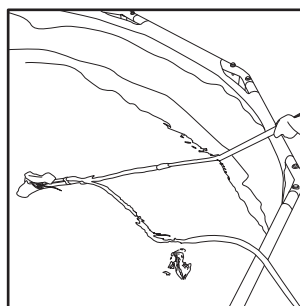

7. Place the vacuum under water.

8. Turn on the water supply, this will create a venturi action at the vacuum head to collect debris into the vacuum bag.

9. Slowly push the vacuum head across the pool floor to remove debris.

10. When done or when the bag is full:

- Slowly move the vacuum head to the side wall of the pool, turn the vacuum head up-side-down, shut off the water and remove the vacuum head from the pool.
- Remove the vacuum bag and discard all the debris, flip the bag in-side-out and rinse with running water.

11. Repeat the vacuuming process until the pool is thoroughly cleaned.
